

MENSAJE DE LORD MONTGOMERY EN EL PRIMER ANIVERSARIO DE LA VICTORIA ALIADA

EL INGENIERO ORTIZ LLEGO A MEDIR LOS LOTES DE LOS OCUPANTES EN LA MILLA MARITIMA PARA FACILITAR LOS PRESTAMOS DE LA JUNTA DE CREDITO RURAL

LA ARMADA AMERICANA DE FRANK FIELD NO SEGUIRA MANTENIENDO EL CAMPO DE ATERRIAJE DE SIXAOLA

Hemos tenido noticias de que a fines del mes pasado la Armada Americana de Frank Field retiró todo el equipo que mantenía en Sixaola para la limpieza del campo de aterrizaje de ese lugar. Hasta entonces eran empleados suyos quienes hacían los trabajos para mantener en buenas condiciones ese campo. Ahora será necesario que el Gobierno tome a su cargo este servicio por medio de los empleados de ese puerto ya que dicho campo es de impenosa necesidad para los servicios de aviación tanto del país como del exterior, ya que se considera un magnífico campo de emergencia. Si no se procede a su inmediato Pasa a la Página DOS—

La semana pasada llegó a esta ciudad el Ingeniero Ortiz a estudiar la posibilidad de inscribir los terrenos situados en la Milla Marítima para facilitar los préstamos a los pequeños agricultores que desean conseguir dinero con la Junta Rural de Crédito establecida en esta ciudad hace poco tiempo.

Se están llenando todos los trámites posibles a la mayor brevedad para proceder inmediatamente a la medición de los terrenos que ya están en tramitación en el uzgado.

Los miembros de la Junta Pasa a la Página DOS—

LONDRES, 7. — Con motivo del primer aniversario de la victoria de los aliados, el Mariscal de Campo Lord Montgomery dirigió al Ejército Británico un mensaje especial que dice: "El día 5 de mayo hace un año que algunos dos millones de hombres del en un tiempo afamado ejército alemán se rindió al grupo británico del ejército que ocupaban el flanco norte del avance aliado en el noroeste de Europa. Los términos de la rendición incondicional fueron firmados en mi Cuartel General táctico en la llanura de Luneburg a las 6.30 minuto de la tarde de mayo 4; las hostilidades cesaron a las 8 de la mañana del día 5. Hemos estado en guerra casi seis años; La carga del conflicto pesaba fuertemente sobre el Imperio Británico, el cual en un tiempo luchaba solo contra el poderio combinado de las potencias del Eje; casi parecía imposible que pudiéramos ganar la guerra. Entonces nuestros grandes aliados se unieron a nosotros; primero Rusia, luego Estados Unidos, y este gran equipo aliado logró la más absoluta derrota de las naciones del Eje. Como fue que pasamos por aquellos días oscuros cuando estuvimos solos y todo parecía sin esperanza? Seguimos adelante porque todo el Imperio replicó a nuestra llamada en la hora del peligro; ningún esfuerzo individual por parte de algún miembro del Imperio pudiera haber igualado este poderoso y unificado Imperio." FRACASO DEL COMUNISMO EN FRANCIA

EL PRIMERO DE MAYO SE JURAMENTO LA NUEVA CORPORACION MUNICIPAL

El primero de Mayo a las diez de la mañana fueron juramentados por el señor Gobernador de la Provincia los nuevos regidores municipales que fungirán durante los dos años. Concurrieron también y se juramentaron los síndicos del Cantón Central don Juan Choto Escobar y don Félix Reyes Vasga suplente.

Concurrieron al acto el señor Gobernador de la Provincia, el Secretario del Despacho, don Federico Picado Sáenz, don Hernán Salas Pardo, don Hernán Esquivel Cabezas, don Asis Esna Miguel, don Víctor Manuel Aguirre Rueda, don Agustín Abrahams Adams, don José Angel Coronel Rivera, don Dedicación Loaiza Brenes, don Juan Choto Esquivel, don Félix Reyes Vesga, los jefes de departamentos municipales y un selecto grupo de particulares.

El Directorio que fungirá durante el bienio legal quedó integrado en la siguiente forma:

Presidente, don Hernán Salas Pardo.
Vicepresidente, don Hernán Esquivel Cabezas.
Secretario, licenciado don Pasa a la Página DOS—

LONDRES, 7. — "El resultado del plebiscito francés fue una gran sorpresa para todos los partidos políticos en Francia y para muchos en el exterior", comenta el "Daily Telegraph" en su edición de hoy. "Es por mucho la prueba más contundente desde la terminación de la guerra que la tendencia hacia la izquierda ni es tan fuerte ni tan inevitable como mucha veces se había creído." Pasa a la Página DOS—

Integración del Directorio de la Corporación Municipal de Siquirres

La nueva Corporación Municipal que ha de fungir durante el presente bienio, en el Cantón de Siquirres, quedó integrada en la forma siguiente:

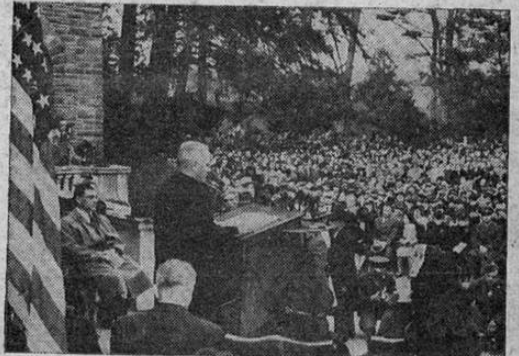

Presidente, Tobías Vaglio Bardi.
Vicepresidente, Charles Aubrey Shaw Miller.
Secretario, Héctor Romero Durán.

En su totalidad pertenece al Partido Republicano Nacional que triunfó en las últimas elecciones.

Una aclaración sobre el Teatro Arrasty

Con motivo de una nota informativa que publicamos la semana pasada sobre la aglomeración de expectadores en los teatros, vendiendo mayor número de entradas de las que pueden venderse, y de la nota Pasa a la Página DOS—

La Mansión de Roósvelt Es Ahora un Santuario Nacional

Truman dedica la mansión de Roósvelt como santuario nacional.

HYDE PARK, NUEVA YORK. — La famosa mansión que perteneció al finado Presidente Franklin D. Roósvelt, situada en la orilla del Río Hudson, donde el inolvidable estadista nació, vivió y está sepultado, es ahora propiedad del pueblo estadounidense.

El gobierno federal ha tomado posesión del predio de Hyde Park, el cual mide 13,35 hectáreas, y que fue regalado por el Sr. Roósvelt a los Estados Unidos. El solar contiene la casa residencial y la sencilla tumba del famoso presidente. La fosa está en medio de un jardín de rosales. Y desde ahora en adelante todo el pueblo tendrá el derecho de ir a ver ese santuario nacional.

Bien sabido de todos es el hecho de que el Presidente Roósvelt siempre sentaba precedentes; y uno de éstos fué el de que, al legar esa mansión a su patria, realizaba un acto que ningún otro presidente de los Estados Unidos había hecho antes. He aquí cómo la distinguida viuda de Roósvelt explicó ese hecho al efectuarse el acto del traspaso de la propiedad:

"Creo que mi esposo, amante de la historia como era, encontraba deleite en tratar de predecir lo que el futuro podría traer; y así se figuraba ver su propia casa como perteneciente al pueblo estadounidense y como uno de los puntos a donde pudiese acudir la gente a fortalecer sus conocimientos de historia, adquiriendo más informes acerca de las figuras que la hicieron." Pasa a la Página DOS—

El 18 de julio de 1939, el Congreso aprobó una ley autorizando la creación del "Franklin D. Roósvelt National Historic Site" ("Solar Histórico Nacional Franklin D. Roósvelt"). El presidente había hecho el traspaso del predio al gobierno bajo una condición: la de que su familia pudiese habitar en él si así lo deseaba; pero la viuda de Roósvelt, su hija y sus cuatro hijos renunciaron a ese privilegio, dejando expedito el camino a la Secretaría de lo Interior de los Estados Unidos para que formalizara el establecimiento del mencionado Solar Histórico.

La casa se edificó en 1826, y desde entonces ha sido reformada varias veces, ensanchándose a medida que la familia Roósvelt aumentaba en número. Ahora está tal como la dejó por última vez el presidente: todavía están cerca de la puerta del vestíbulo su abrigo y su sombrero, y disseminada por toda la casa, una miscelánea de muebles y cosas que fueron objeto del aprecio de generaciones sucesivas de los Roósvelt.

El visitante puede contemplar el lecho en donde F. D. R. vivió al mundo, su colección de pájaros, su biblioteca y su dormitorio, cuyas ventanas dan al serpenteante y caudaloso Hudson. En el viejo jardín de rosas, rodeado de un cerco de abetos, puede verse una lápida de mármol, notable por su sencillez. Escrita sobre ella se lee la siguiente inscripción: "Franklin Delano Roósvelt, 1882-1945. Anna Eleanor Roósvelt, 1884-".

LA Suntuosa Fiesta de los Bomberos Voluntarios con motivo de la Inauguración del Nuevo Cuartel de Bomberos

Con motivo de la inauguración del elegante edificio del Cuerpo de Bomberos que edificó en esta ciudad el Banco Nacional de Seguros bajo la dirección del ingeniero don Rogelio Pardo, se celebró una suntuosa fiesta con una lujosa representación de San José. Las ceremonias que fueron sencillas terminaron con una baile hasta el amanecer del domingo.

Sin mucho espacio para hacer una crónica detallada si teremos felicitar a los organizadores de la fiesta por el éxito que lograron. Llegaron de San José como delegado del Banco Nacional de Seguros el Director del Banco don Víctor Aguilera, el Sub Gerente Enrique Lara, Jefe Superior de Bomberos, el Coronel don Raúl Pacheco Comandante de Bomberos, su señora esposa y su señorita hija, Madrina de los Bomberos de San José. Vino también una delegación de 10 bomberos de Puntarenas, otra de 10 Bomberos Voluntarios de San José, una delegación de la Guardia Permanente y un grupo de antiguos bomberos de Limón. La Madrina de los Bomberos de San José, doña Pasa a la Página DOS—

SEÑOR GANADERO:
¡No se deje engañar!
PARA MANTENER SUS ANIMALES SANOS

PARA SUS GANADOS, SALUD!

FRACASO DEL COMUNIS-
Viene de la Página PRIMERA

Se sabía en Francia que el partido comunista era el mejor disciplinado, el más rico y más confiado, para no decir el más en greido. No cabe duda que los comunitas esperaban el endoso de la constitución, la cual, al establecer virtualmente una forma de gobierno de una sola cámara hubiera sido favorable para sus ambiciones. A pesar de algunas inconveniencias, tales como la elección de una nueva asamblea constituyente en junio próximo y de comenzar otra vez la tarea de formular una constitución, el resultado no puede considerarse otra cosa que saludable. Como de costumbre, no hay una sola o simple explicación para esta sorpresa política. No cabe duda de que una de las causas contribuyentes fué aquel nuevo factor en la política francesa, a saber, el voto de las mujeres. Otro parece haber sido el hecho de que los socialistas locales no siguieron a las direcciones de sus líderes partidaristas

de votar a favor de la constitución junto con los comunistas. Es cierto que en muchos distritos que fueron fuertemente izquierdistas durante las elecciones votaron en contra de ella, y aunque el resultado no debía nada a la apatía — des de luego que el ochenta y cinco por ciento del electorado registró sus votos. Las consecuencias, sin embargo, resultan más interesantes que las causas. En verdad no sabremos hasta donde los sentimientos políticos hayan cambiado hasta que se verifiquen las nuevas elecciones el mes entrante. Es entonces que vendrá, si es que viene, el más violento choque entre la izquierda y la derecha tantas veces pronosticado y que debe temerse. Generalmente hablando la posibilidad de que surjan serias dificultades más bien ha disminuido que aumentado debido a la votación del domingo pasado, la cual indica que existe una antipatía popular en contra de los procedimientos extremistas".

LOS DOLORES DE CINTURA
DESAPARECEN
cuando los riñones vuelven a la normalidad

Si usted padece frecuentes dolores de cintura, es muy probable que sus riñones no funcionan bien.

Entre los órganos más atareados del organismo, están los riñones. Actúan como filtros, encargados de eliminar de la sangre las impurezas y venenos. Los riñones débiles e inactivos no pueden realizar esta tarea en debida forma. Mientras no sean activados usted no podrá aliviar sus dolores sordos o agudos.

He aquí por que las Píldoras De Witt para los Riñones y la Vejiga son elaboradas especialmente para que obren directamente sobre los riñones. Por este motivo alivian los dolores de cintura desde las primeras dosis. Dentro de las 24 horas de haber empezado a tomarlas, la orina se torna azulada. Esto demuestra que el excelente antiséptico que contienen las Píldoras De Witt ejerce su acción en la propia raíz del mal: en los riñones.

Tan pronto como llegan a los riñones, los ingredientes medicinales de las Píldoras De Witt ejercen su acción benéfica, aliviando la inflamación, descongestionando y restableciendo el buen funcionamiento de dichos órganos. Al mismo tiempo,

un notable antiséptico libra los riñones de las impurezas y venenos que los obstruyen. Pronto los riñones vuelven a la normalidad. Los venenos e impurezas son eliminados de la sangre. Sus dolores en la cintura o coyunturas desaparecerán.

Si usted padece dolores de cintura, debe tratarlos en forma. Combata directamente la causa verdadera del mal, con las—

NOTAS EDITORIALES

EL NUEVO PRESIDENTE DEL CONGRESO

Es para nosotros un motivo de orgullo y una alegría de triunfo la elección del licenciado don Francisco Fonseca Chamier, Diputado por la Provincia de Limón, para Presidente del Congreso.

Acertada elección esta que hicimos los limonenses cuando le designamos para llevar nuestra representación a la Cámara. En sus manos están bien resguardados los anhelos, los intereses y las necesidades de la zona atlántica. La elección suya, hecha por una inmensa mayoría de votos, es apenas un acto de justicia a sus merecimientos y a sus capacidades.

LA VOZ ATLANTICA felicita a la Provincia de Limón por el triunfo obtenido y desea para el nuevo señor Presidente del Congreso todo el acierto necesario en la difícil labor que ahora le toca desempeñar.

Se pide al Congreso la autorización correspondiente para que el Patronato de la Infancia compre una valiosa propiedad en Limón

En La Gaceta del domingo último aparece el Decreto en que se amplía la convocatoria al Congreso para conocer del permiso legislativo necesario a fin de que el Patronato Nacional de la Infancia compre una valiosa propiedad en esta ciudad. La propiedad en referencia es el edificio contiguo al Teatro Arrasty y que pertenece al señor Norman Alexander Findlay.

Magnífica operación hará el Patronato ya que la propiedad es una magnífica residencia que construyó hace muchos años el señor Wendorff gastando en ella fuertes sumas de dinero en lujos de ornamentación y detalles de comodidad que ahora difícilmente pueden hacerse.

El Barcelona Sport Club obtiene un brillante triunfo al derrotar por cinco a uno, al Independiente de Turrialba

Partido que se esperaba con gran interés y que no resultó como se creía dada la superioridad de los futboleros limonenses.

Entre los integrantes del Independiente cabe mencionar a Madriz, jugador de la primera división de La Libertad, siempre rápido y peligroso, pero tan solo ue no le fué posible desallorar su juego técnico; por otra parte tenía que vérselas con ese par de defensas Stanley Wade y Abel Amador, que no es la primera vez que nos han demostrado ser la mejor pareja de backs de este puerto, capaces de defender los colores de cualquier equipo de primeras divisiones del interior.

Con el resultado de este partido se ha despejado la incógnita, se rumoraba que el equipo de Turrialba era el mejor del Atlántico pero francamente no nos explicamos en qué se fundaba este decir, porque no encontramos su fundamento.

CON UN BRILLANTE CAMPEONATO RAPIDO SE INAUGURO EL CAMPEONATO CANTONAL DE ESTA PROVINCIA DEL AÑO 1946

El Júpiter con su brillante actuación se coronó campeón

Lástima que el tiempo se encargara de entorpecer el desarrollo del programa deportivo tan bien dispuesto por la actual Directiva de La Liga Deportiva Limonense, integrada en su totalidad por caballeros ciento por ciento deportistas, y que con gran cariño sacrifican sus obligaciones con el sano propósito de encarrilar nuestro deporte favorito, y proporcionar al público limonense esas maravillosas que son difíciles de olvidar.

A pesar de la lluvia, el programa se desarrolló, se aprovechó una escampadita para iniciar el desfile encabezado por nuestra Banda Municipal, que con sus alegres marchas obligaba al más indiferente a asistir al acto de juramentación de los deportistas. Entre los asistentes notamos con satisfacción la asistencia del señor Arzobispo, Presidente Municipal y Autoridades Judiciales. La juramentación estuvo a cargo del Presidente de la Liga Deportiva, Licenciado don Mario Gócher, nuestro Juez Civil, que en forma clara y contundente explicó los fines y beneficios que proporciona el deporte a la juventud. A continuación el señor Arzobispo hizo entrega de trofeos a los campeones de 1944 en su orden: Gimnástica Limonense Campeón, Barcelona Sport Club, Sub - Campeón; Cariari, Campeón de Segundas Divisiones. Seguidamente el señor Arzobispo bendijo a los deportistas y se dió comienzo al campeonato relámpago, que se desarrolló en un tiempo de 6 horas, con una disciplina digna del más cálido elogio terminando empatado entre la Gimnástica Limonense y Júpiter Sport, pero la cantidad de faltas cometidas por la Gimnástica favoreció al Júpiter a quien se declaró Campeón Relámpago de 1946, muy justo por cierto porque fué el equipo que presentó mejor fútbol.

Hemos notado que este campeonato se ha iniciado con mucho entusiasmo, y esperamos que se desarrollará dentro un marengn muy amplio de caballeridad.

Felicitemos a los organizadores de estos eventos deportivos quienes deben estar muy satisfechos porque la jornada del domingo fué un verdadero éxito.

LA NOBLE Y LEAL CIUDAD DE CARTAGO

Estos párrafos enlutados, los dedico en este día, al culto amigo y caballero don Abel Robles Troyo, como hijo de la ciudad de Cartago.

Hoy hace 36 años que debido a un movimiento sísmico, la antigua pero noble ciudad de Cartago, amaneció convertida en ruinas, así como muchas de sus poblaciones vecinas!

La Iglesia de San Nicolás se tambaleó pero no cayó como no cayó el busto simbólico de don Jesús Jiménez. En cambio desapareció el Palcaico de la Corte de Justicia Centroamericana donde no se hacía tal justicia!

Hombres, mujeres y niños allí muertos!

Por otro lado la negrita de los Angeles envuelta en lágrimas sólo le pedía a Dios salvación eterna para los muertos!

Don Ricardo Jiménez que por primera vez iba a recibir de don Cleto González Víquez la presidencia fueron testigos de ese desastre del Destino!

Empero, la Cartago legendaria de ayer, está hoy convertida

da en una ciudad moderna y sobre todo cuando ostenta la Basílica de la Reina y Virgen de los Angeles y muchas construcciones modernas.

Cartago es la ciudad que dignifica a la República porque es de su seno donde han salido los hombres más ilustres.

Hoy pues, en recuerdo de esta fecha enlutada, Limón lo envía una plegaria a todos los muertos de esa tragedia!

Carlos Orozco Amador

Confianza distinguida y con larga experiencia como administrador de propiedades en la Provincia de Limón
DIRIJASE:

GEORGE LAZARUS D.

a GUILAS IMPERIALES DE DOS CABEZAS

Segun varios eruditos, introdujose el uso de esta insignia y se ejerció privativamente cuando estaban dos emperadores sobre el trono, gobernando de común acuerdo el imperio, como simbolo oportuno para significar esa unión.

El uso del águila con una sola cabeza como insignia del imperio es muy antiguo. Practicáronle al principio los persas; después poco a poco se fué comunicando a los romanos, los cuales al principio variaban, tomando por blasón en sus estandartes ya lobos, ya leopardos, ya águilas, según placía a cada general, hasta que en el segundo año del consulado de Mario se estableció el águila como insignia constante del imperio y armas romanas. Muchos siglos después se hizo, no se sabe con qué ocasión, el águila bicépite, blasón general de todos los emperadores romanos.

LOS SEGUROS CONTRA SINISTROS MARITIMOS

Los seguros de este género se remontan nada menos que a los primeros tiempos de nuestra Era, y tuvieron su origen en Roma durante el gobierno de Claudio.

Habiéndose declarado en algunas partes del imperio un hambre espantosa, y deseando poner remedio a ella, el mismo emperador invitó a cuantos poseían barcos mercantes a traer provisiones de aquellos puntos no azotados por la escasez.

Por desgracia, ocurría aquello en días en que las tempestades eran frecuentísimas en el Mediterráneo, y como la marina mercante no se mostrase muy dispuesta a aceptar la invitación, Claudio hubo de dar un decreto para que el armador de todo barco que, cargado de provisiones, pereciese en el mar, fuese al punto indemnizado.

La idea produjo excelentes resultados.

LA HORA DE SESENTA MINUTOS

Difícil parece explicar la causa de que todos admitamos el minuto dividido en sesenta segundos y la hora dividida en sesenta minutos, cuando sería mucho más fácil, siguiendo el sistema decimal, dividir el día astronómico en veinte partes u horas, diez para el día y diez para la noche, pero la razón es muy sencilla.

En Babilonia se contaba y meda no solamente por un sistema decimal, sino también por otro sexagesimal, o lo que es igual, los habilonios lo mismo contaban por dieces que por sesentas, porque en opinión suya el sistema decimal no era del todo práctico y por

que además sustentaban la teoría de que ningún número tiene tantos divisores como el sesenta.

EL PUEBLO MAS HONRADO DEL MUNDO

Gozaba de tan envidiable reputación la gente de Finlandia. Era muy general ver en cualquier parte y a todas horas fardos de mercancías, baúles y aun paquetes pequeños, que eran recogidos después por sus portadores o dueños legítimos sin que nadie se hubiese atrevido a tocarlos.

En este felicísimo país no se sabía lo que era una cerradura o un cerrojo. Las gentes dejaban solas sus casas, a veces durante semanas o meses y al volver lo hallaban todo intacto.

Por último, la conducción de huevos, leche y gallinas des del campo a las poblaciones estaba encomendada a muchas, quienes en pequeños carritos tirados por perros, atraían bosques y caminos solitarios, no habiéndose dado jamás el caso de auéllas hayan sido robadas.

SALDOS Y RETAZOS

SACOS DE CARBON

Cuando se dirige un poderoso telescopio a la Vía Láctea, no se presenta ésta, como pudiera creerse, regularmente poblada de estrellas, sino que mientras ciertas regiones aparecen acribilladas de puntos luminosos, en otras, por el contrario, no se manifiestan sino pocas luces. Hay sitios que aparecen completamente oscuros y son designados por los astrónomos con el significativo nombre de SACOS DE CARBON. Uno de los más célebres "sacos de carbón" del cielo es el situado en la magnífica constelación austral de la CRUZ DEL SUR, cuyas cuatro estrellas, tan conocidas por los navegantes, parecen que han sido clavadas en los cuatro brazos de una cruz trazada en la bóveda celeste.

COMESTIBLES BIEN CONSERVADOS DEL AÑO 1853

Todos los diarios comentaron el hallazgo realizado en una cueva del Artico el otoño último por una lancha patrullera de la policía montada canadiense, que logró con todo éxito el paseo por el noroeste. Trátase de comestibles que habían sido dejados allí en el año 1853 por el buque británico que buscaba a la expedición polar de sir John Franklin.

Las carnes y sopas fueron envasadas en Londres hace casi un siglo, como lo demuestran las indicaciones de los envases, siendo lo más notable que los químicos, al examinar su contenido, declararon que todo se hallaba "en excelentes condiciones, no habiendo experimentado alteración alguna".

LA ACCION DEL VIENTO

El viento proviene de una diferencia de densidad de la atmósfera, y varía de la más leve brisa a los más terribles ciclones. El viento renueva el aire, arrastra las nubes hacia los continentes y favorece la reproducción de los vegetales, transportando lejos el polen y las semillas; regula la temperatura, llevando hacia el Norte los tibios efluvios de mediodía y arrastrando hacia el Sur los fríos sutiles del septentrión. Los vientos se dividen en generales regulares y locales variables.

COMO SE FUNDARON LOS ALMACENES DEL LOUVRE

Alfredo Chauchard fué el fundador de los ALMACENES DEL LOUVRE; nació en 1821. A los quince años hubo de interrumpir sus estudios por falta del dinero y se empleó por cien francos mensuales en

The Age of Chivalry

Among Britain's new devices by which science saves lives at sea is a two-way lifeboat radio. Exhaustively tested before it was produced, it consists of a water-tight binacle in which are the transmitter and receiver, a hand-driven generator power unit, a telephone set, telegraph key and 300 feet of antennae wire on a reel. The transmitter can be used for either code or voice transmission. On low frequencies 50 to 200 miles can be covered, and on short wave, signals can be radiated over 1,000 miles. This transmitter can work also automatically, and when the master switch is set in the "automatic" position

and the hand generator cranked, S.O.S. signals are sent out with long dash signals to give radio direction-finding bearings. To bring the receiver into operation a master switch is used and when contact has been made with ships or shore stations, the lifeboat is able to give information of its moved 70-year-old member of Cherbourg. She received the ements. Equipment also includes a collapsed rubber balloon in a metal case with a cylinder of helium for inflation and in case the wind is not suitable for flying the balloon, a collapsible box kite. One of the advantages of the new set is its light weight (less than 160 lbs.). "As safe as a British ship" has been a saying among the nations for two hundred years, and the standard has moved successfully with the times.

THE SALVATION ARMY MAY QUEEN CONTEST MONDAY NIGHT THE TWENTIETH

We are sure every well thinking member of this community has in live memory the yearly May Queen voting and coronation under the guidance of the local Salvation Army, therefore, our purpose at this writing is merely to give you the date of Monday the 20th instant as the decided epoch making as the decided epoch making night. These con-

test are always keenly held, but as we gather this years queenly battle will be of atomic bomb formula.

Don Pedro, the yearly accountant, we presume will have cause to use a Borrough's Calculator.

Let all prepare to take cheers to the competitors and help to swell a worthy cause.

SYDNEY COX — Manager

el almacén del POBRE DIABLO.

A las treinta y dos tenía ganados cuarenta mil francos y se asoció con Heriot, jefe de sección de los almacenes VILLA DE PARIS, a quien conoció en la barbería. No bastando el dinero de los dos, se asociaron a Faret, que aportó cien mil francos. Los principios fueron penosos; los beneficios nulos. Asustado, Faret se retiró en 1854.

Chauchard fué al ver al banquero Pereire y le pidió en alquiler uno de los grandes inmuebles que el rico banquero acababa de construir frente al Louvre.

de Chauchard, Pereire consintió en alquilarle veinte metros de fachada en la calle Rivoli, veinte metros en la calle Marengo y diez en Saint-Honoré. Así se fundaron los almacenes del Louvre.

Dgamos, para terminar, que la fortuna recompensó el atrevimiento y la constancia de los dos socios. Las acciones del Louvre, emitidas a cinco mil francos, rentaron luego veinte mil por año.

Cuando murió el socio de Chauchard, en 1897, dejó setenta millones. Chauchard le sobrevivió hasta 1907, dejando a sus herederos más de doscientos cincuenta millones de francos.

ATENCION

La Internacional Trading Corporación, Limitada ha ordenado recientemente los últimos tipos de equipo para la extracción de aceite de Coco: comercial y grasas.

Esto será de gran beneficio para los productores de coco, pues la extracción del aceite en Limón, donde la planta será establecida, nos capacitará para pagarles al menos ₡ 10.00 más por cada 100 cocos, que el precio actual.

Deseamos también hacerles saber que dentro de poco tiempo comenzaremos a comprar cacao. Estamos completando arreglos de transporte en nuestros propios barcos mediante los cuales podremos ofrecer rebajas en los fletes para interés de los productores.

Limonenses and friends join with us in chanting congratulation and exaltation in tribute to Attorney Francisco Fonseca Chamier, our Congressman who is now the President of the National Congress.

This is, we may decide, a good deal to be said in behalf of such an elevation. A few months ago by an overwhelming majority of votes we returned him to the Congress, but our ambition was not so firmly hinged that his colleagues were marking so minutely, as we are doing during these long years, Lic. Fonseca's sympathetic attribute towards humanity in conjunction with their individual or collective problems; as he has been respected for his magnificent culture; his unselfishness; his consistently liberal views; his vision and uncompromising gentility.

The central situation, however, brought to our mind the loss of a great visioner and champion of the cause of this Province. Our humble knowledge on Parliamentary ethics releases to us that as President it will be necessary for him to listen attentively to every transaction; use the scale of equity and to deal impartially on all matters before the Chamber. Whether he reserves the rights to introduce new measures in behalf of this province and at such times surrender temporarily his seat to his Vice President, we are not an authority, but our strongest emotion, at this time is to call upon the other two Representatives for Limon to stand firmly in defence of our problems to visualize our necessities and champion convincingly; to see that the things destined for the welfare of this zone be forth coming and to see to the preservation of those systems which have already established our life line.

Finally, we hope that the machinery of the National Congress will be greased with human harmony; mutual understanding, charity, equity and love for humanity.

CAMPO PAGADO
**SINGS OF THE
TIMES**

By A. Montero:

Indeed if I must confess, "Signs of the Time" one of the many teachings of the gospel of the Emaculate Son of God that ever interest me, at least gave fire to the half frozen spark of true fellowship residing in my ready heart; it ringed loud and clear that old — old story of Jesus and His Love, our only theme in glory a ladder from earth to heaven it took me upward till methink my ear and soul caught the heavenly strain, the Gospel of Jesus Christ, the charm it conveys, it is like a mighty magnet that not only draws, but controls and holds the whole man to divine subjection, from which life nor death can mortal man break away. The Gos

pel of our Lord and Master doth but stop us on our downward flight to hell and offers heaven instead. This little book, I daresay is chock-full of God and holds Jesus Christ as its beacon light; all its readings are nice. They are the very esho of my thumping heart. I can earnestly say it met me in full and with awaken gladness impels by love divine I move to write of its unsearchable love of God dripping from the ready pen of those. live sparks as brothers in Jesus Christ, they tell of His love. Throughout the pages of the book that was given to me by a brother who saw me as I passed by and he came out and offered it to me which I most reluctantly took, with doubt as to the value of its contents, I carelessly stuck it into my pocket:

YEAR XI — Limón, C. R. 11th, May 1946 — No. 510

New British Air Attache For Costa Rica

Wing Commander K. P. Smales, D. S. C., visited San José in company of the outgoing Tttaché, Wing Commander H. D. G. Devey.

On Tuesday Morning the twing-motored Avro-Anson, piloted by Wing Commander H. D. G. Devey, R. A. F., took off from the Sabana in San José with its course set for Albrook Field, Balboa, C. Z., where the English plane made a happy landing.

Wing Commander Devey, who is the Air Attache to the British Legations in Central America and some of the Caribbean countries, was accompanied in this flight by Wing Commander Smales, who will take over the duties of Air Attaché when the former leaves for England shortly.

Both officers are veterans of the Second World and were regular officers in the Royal Air Force before the conflict started. Wing Commander Smales will take delivery of his own plane in Balboa, and then reutrn to Guatemala City where he is permanently stationed.

OUR WOMEN

With each succeeding opportunity the women of Costa Rica are climbing the ladder of prominence. We have now as Director General of the Pan American Round Tables in

Central America, Mrs. Angela Acuña de Chacón, a distinguished intellectual social worker of our Republic. We heartily congratulate her on the appointment;—a recognition which we are sure will be an inspiration to womanhood.

While in San José, the two Attachés visited H. E. Don Julio Acosta Garcia, the Secretary of State for Foreign Affairs, to whom they were introduced by H. B. M Minister to Costa Rica, Mr. Frederick George Coultas, C. M. G., who gave a reception in honour of the two officers at his residence last Monday. The Right Reverend Bishop of Belice and Mrs. Douglas Wilson, H. E. the U. S. Ambassador to Costa Rica, and Mrs. Hallet Johnson, the First Secretary of the Embassy and Mrs. Raleigh A. Gibons, the U. S. Military Attaché, Lienut Colonel James

Renwick Hughes, the Head of the U. S. Military, Colonel Jess C. Radnor, his wife and mother, Colonel Daniel Gallegos Montealegre, ex-Subsecretary of Public Security, Colonel Donato Iglesias, Head of the Traffic Department, members of the British Legation staff and the Colony resident in San José attended the party.

The ATLANTIC VOICE takes this opportunity to welcome Wing Commander Smales to his new post and wishes Wing Commander Devey God Speed on his return to the United Kingdom.

GROWERS of the ATLANTIC ZONE

ATTENTION

We have recently ordered the very latest type of equipment for the extracting of edible and industrial oil from coconuts.

This will be of great benefit to the coconut producers as extracting the oil in Limon where the plant will be located will enable us to pay the growers at least ten colones per hundred higher than prevailing prices.

It may also interest the growers to know that shortly we will commence to purchase cacao. We are completing arrangements of transport to market in our own vessels thereby effecting some saving of freight to the growers' interest.

ONE FOUR ROOM HOUSE WITH BATH, TOILET AND KITCHEN CENTRALLY LOCATED IN THE CITY OF LIMON

Apply to: Jos. A. Thomas — Room 8 in front the Cathedral

RETURNED TO RESPONSIBLE DUTIES

The lengthened period of Miss Maria Prestinary's association with the children of the Reflectory Infantil; an institution in this city which provides a daily meal for the less fortunate children not only places her as the responsible person, but like a mother who careth her own nestlings is the true recognition assigned to her.

Due to death in the circle of her relatives and her own impaired health Miss Prestinary was absent for the past several months. She returned a few days ago.

The writer is cognizant of the very difficult task which at times confronted her in her trials to find the withal for the little ones who are present at the luncheon hour and they without their daily meals. Miss Prestinary's Christian attribute and devotion to HIM who keepeth the swallow in its flight,

we entertain no doubt has provided for her the manna for the children although it has not fallen visibly as was done to the Children of Israel in the Wilderness.

Like it was when Moses' place was filled by Joshua, so during the absence of Miss Maria our equally devoted Christian citizen, Dona Luz de Chavez mothered the little ones at the Reflectory Infantil; she sought here and there to find the food for them; she received also added oil in her cruse and increased flour to bake more than one pan cake.

In - as - much - as these two charitable hearts have done it unto these considered least in the flesh, they have done it unto Him.

We welcome Miss Maria Prestinary and in the name of the children and in our own name we thank Dona Luz Chavez for her "GEM".

ON THE DIAMOND BATAAN IN BASKETBALL

The Balsa Baseball team won the contest against the San Luis on the 28th ultimo. Cecil Williams (Squeeze) the for the Balsa was as dashing as the waves of the ocean, semingly a copious influx by daily seeing the ebbing and flowing tides by the Balsa Plant. He out-pitched the St. Luis. On a whole the boys are improving in all the technique of the grand game. We observed some very praiseworthy catches and alert chasing of the ball.

On the other hand, Jose Garron, the hurdler for the St. Luis was off his regular stride; he could scarcely keep his deliveries over the plate.

The two exciting innings were the Seventh and Eighth, respectively. San Luis had a "mevery-go-round" for 5 runs and the bases were circled six times consecutively by the Balsa players. At the termination of the play the boys who enjoy the cool sea air, marched off triumphantly with 15 runs against 11 for the San Luis. This news, no doubt, was a shock to Mr. Rodolph Johnson, the Manager of the defeated team. He was out town when his boys fell to the canvas. We congratulate the Balsa for the performance.

The honour extended to the newly organized Basketball Team of "Bataan" having had Mrs. Willie Hug to deliver the first ball as atoken of the game being dedicated to her; this gave rise to a demonstration of high social order. The numerical aspect of the exercise provided added importance to the afternoon of April the 28th; the debut being in form of a contest between players, representing "Good Hope" and under the captaincy of Mr. Salvador Mayorgal while captain S. L. Morris and his boys came forward in the name of "Bataan".

Two half time characterized the match— Good Hope gained 14 points and Bataan six in the first half. In the final the Good Hope score reached 20 and Bataan 13. The former won the contest.

FROM THE MAIL BOX

The Centro Progressive Cos tarricense" recently organized by our Young People who have made the Republic of Panama their home of adoption, we gather that, their Inaugural Ball held on Saturday night the 27th of the recently passed month was a banner success. One of their beautifully designed and "catchy" worded card is now added to our treasury; unable to had participated in person but our spirit was directed to the scene at the Sojourner's Hall "Q" Street Panama and we think we listened to the rythm of the SIBONEY orchestra.

We learn that in recent days the crime waves are alarmingly ebbing and flowing in that Republic. Among the terrible were:—A father—in-law had a quarrel with his son - in - law over some financial transaction and while the latter is said to had been eating he was almost instantly murdered by the use of a six and half inch knife, but not—with—standing the wound, the victim being a

polceman was armed with revolver and managed to use and shots death the stabber, then succumbed a few hours afterward.

One man is said to have been kid—napred believing he was the possessor of large sums of money.

In a case of rivalry, the admirer of a man's wife was stabbed to death in his own apartment and the woman seriously wounded by the intruding and enraged husband who as we ga this was only overpowered by the bullet of the police who arrived to effect the arrest.

Panama we are told is effectively preparing her athletes for the approaching Olympic at Barranquilla, Colombia. A country wide sweep for eligibles has been effected; the survey took in the greatest number of boys of colour and we release with pride that one Vas sell, a Costarrican of colour is "tops" in the the mile and 800 yards dash. What are we doing to be represented at the Olympic?

match came". The playground was invaded. The cruel visitor was seeminly inuned from arrest by the police men present. The crowd yelled for justice to take its course; but nothing was done; the crowd wended up commercial avenue; reached the entrance to the Magstratic Court, but quite naturally, that was not the preliminary step; pressure was, however, effected for the arrest of the accused at a later hour; he was released afterwards and as we learn the injured man was examined by the City Medical Officer who pronounced that the wound would be cured in eight days; further development rests with this medical order. It was rather an unbecoming act on

BA FOOT BALL MATCH

FROM PAGE 11—

It was not uncommon to see two visitors tripping one of the Barcelonians and even with that arrogance the wind favour at times was blown to them. Following this unwarranted line of march in a shuffle, Altimont was intentionally attacked by one of his markers; Altimont did not return the foul play; on came a melee; a peace loving citizen attempted to calm the wrathful visitor and in the meanwhile another from Turrialba throw his bottle and seriously cut Gregory on his forehead; his eye was providentially saved. In common saying— "The

AMONG THE BAPTISTS

The most sacred anniversary commenced April 14th to 21st. was religiously celebrated by our friends of the Baptists. The rain clauds gave way on Holy Thursday night, but from thereon, mother nature greeted us with very congenial weather conditions; this strengthened the desire of the baptists and their friends to have attended the divine services which were conducted in the city Church. The congregations, respectively, were rather pleasing particularly on Good Friday & the Young People's

the part of the visitors to had kicked up so much dust, only because they held the weak end of the string; no one had hurt them. The well disciplined players of this city are aware of the disappreciation that would fall on them if ever they attempt such ugly conduct. Our players are trained to "Take their whipping" when it is inevitable and when they give the "Lashing" it is always tempered with humanity.

three o'clock afternoon programme on Easter Day. The efforts of the children proved very valuable and at the same time manifested the great service of the Church in instilling Christ in the soul of the youths; those tender ones of whom Christ said: "Suffer the little children to come unto Me and forbid them not."

The service on Sunday evening was decidedly a blessing. The congregation beheld a vivid representation of the Cross, studied with electric illumination; these lights we paraphrase to indicate the Cross of Christ should ever be seraphically cherished in our life;— that it was of great significance to the believer. Representing a seraph we saw Mr. Alfonso Taylor threw open the switch and there was light; then followed the immortal - hymn of "The lighted Cross" and the soul touched deliveries of the Misses Melba Clayton - Joy Murdock, Ida Berrick, Amy Stewart, Inez Logan, Daphney Murdock, Hazel McKenzie and Lena McKenzie.

The Glad Message releasing the triumphant achievement of Christ over death and His glorious Resurrection was given to the pin - dropped congregation by Mrs. Eulilee Murdock as Mary, the Mother of Jesus — M,sa Iris Williams, Mary the wife of Cleophas — Mrs. Leonie Jackson, Mary Magdaline, Miss Vera Gillings, Joanna — Miss Carmen Taylor, Salome — Miss Carmen Beekles, a follower. Mr. Victor Gourzong represented Pe-

THE VISIT OF TWO GOOD FRIENDS

The ATLANTIC VOICE cherishes warmly the last week's visit of Mr. and Mrs. Mortier F. Barrus of the United States Department of Agriculture, Rubber Station at Turrialba. Since last Autumn we had not contacted these two very cheerful North Americans, and surely, our heart glow anew in seeing them in our city.

In passing we desire to mention that the work at Turrialba to which Mr. and Mrs. Barrus is associated has been greatly lauded for its excellent manner in organization, construction and research by the Delegates in attendance at the THIRD AMERICAN CONFERENCE— ON AGRICULTURE by the Pan American Union.

The Turrialba Institute came to the aid of our small cultivators with a view of providing for them an additional item of cultivation in the line of rubber, but the farmers obviously have allowed the golden sands to slip under their feet.

For Best Fit—What? Go to Clifford Steele The People's Tailor

ter, and as sacred as the performance was, Victor touched the humourous vein. Alfonso Taylor spoke for the Apostle John; he acted very piously.

HAPPY BIRTHDAY

We are not living in the days of Eli and Samuel of sacred memory, but praiseworthy we are having among us mothers who, like Hannah of old are giving their sons to the service of God.

Today, we express these lines in tribute to Master Leroy McFarlane who will reach by date and day tomorrow the 12th instant another birth anniversary and for which we

extend cheers and heartfelt congratulations.

Cadet McFarlane plays the baritone in the Salvation Army's Brass Band. Leroy is earning his daily bread as a junior salesman in the local commissary, but he continues to be obedient and listen to the teachings of his "ELI" in the person of Major Thos. B. Lynch.

NOTES FROM SIQUIRRAS

On the 22nd night of April this township of Siquirres was enlivened by the members of the St. Mary's Guild; they presented a very instructive and enjoyable entertainment. The choiristers rendered many en hancing songs. Among the soloists were Mrs. Brooks, Mrs. Knight, the Misses E. Woolery, L. Gordon and Mr. Jones. Duets by the Misses Charles and Hayles also by the Misses Franklin and Charles. A very rich recitation was con tributed by Miss D. Broady. Much congratulations is right fully due to Mrs. Vendella Pennant for her brillia ad dress given on the life of Booker T. Washington. The drama in two acts, entitled: "Not a man in the House" was enshriningly delivered.

Mr. J. A. Franklin performed the responsible duties as chairman. He won the apprecia tion of his audience. Very satisfactory were the several hours spent with the angli cans.

In the same Church the Young People's Easter pro gramme was presented on Sun day the 28th. Mr. S. Howells was the chairman. The little ones were effectively prepared by Mr. Rowe and Mrs. Knight. Flavouring was added by the choir in the singing of several anthems and songs. It was

PERSONALIA:

We regret to mention that our very good citizen Mr. George Saunders is confined to the local hospital of the Costa Rica Banana Company; the Company to which he is a very responsible meploye over a lengthened period of years.

Mr. Saunders is associated with the Seventh Day Adventist Denomination and is prominently recognized by all section of our citizenry. We do hope he will soon recover from his illness and be able to resume his religious, social and other duties.

Miss Peterkin, the daughter of our city popular tailor, Mr. Jas. E. Peterkn has been suffi ciently recovered from her grave illness and obtained her discharge from the local hos pital. She is recuperating at her father's residence.

The proverbial Stork has paid a visit to the newly estab lished maternity accomodation of Nurse, Mrs. Esmerine Wynter, situated on 3rd avenue in front of the Catholic Church yard. Mother and babe are well and father Mr. Jas-

striking that everyone left with the thought: "That it was good to have been there.

per Murray has passed the ci gar around in honour of the gift, a boy.

Mr. Fred Shechy, a very responsible employe in the local office of the Steamship Department of the United Fruit Company has returned to his desk after having ter minated his well merited vaca tion. We are right glad to see again Mr. Fred at his desk.

During his absence, Mr. Prestinary of the San José of fice was with us. His presence was jolly welcomed. One en joys a source of courtesy in dealing with Mr. Prestinary who keeps in tune with the characteristic excellence of the personnel of the well known Costa Rica Banana or United Fruit Company.

Dr. Miguel S. Dejuk under whose medcal and surgical treatment our good friend, Miss Lucille Moore is placed in the Hospital San Juan de Dios, from Dr. Dejuk's own voice we had the pleasant in formation that all will soon be well with Miss Moore; a bit of comforting news to our friend Mr. Sigismund Collins of the famous "Jack Flag Stop Res taurant".

Mr. Elsia Cox de Heath and two children of the city of Col on have been very well greet ed during their several weeks of vacation in this city and the coastal town of Cahuita, for merly the residence of Mrs. Heath. She is the wife of Mr. Pablito Heath who had lived among us many years ago and had enjoyed wide popularity. The visitors returned to their home of adoption on last Wed nesdays plane.

DR. TELEMACO ESPINACH GUEST OF HONOUR

On the afternoon of Sunday April the 21st, a most charm ing homage was paid to Dr. Telemaco Espinach, our Chief Health and Sanitary "Medico" by the players of the Cubs and Motive Power Baseball Sports Clubs. The tribute was aug mented by the att endance of the Military Band as well as by an overwhelming number of spectators.

The scene on the diamand at the early early start had its very pleasing aspect while the strict police vigilance was in process, but the persistent un ruly crowd wearied the police men to such an extent that that were compelled to give way;—the view of all better element of the sporting Fans was from then on, "blocked". To had obtained anything as a detailed report on the perfor mances of the players would have required a hovering plane.

We saw, however, a multi plicity of errors; players of far reaching knowledge in the exercise did many "childish" things" such as pulling off "bunts" at times when a hit was the necessary thing; cat chers pegging wildly; the ball thrown bewilderingly greasing

the heels of the renners. We saw, also Byron McKenzie drove one of C. Francis deliveries for a homer; that was in the second inning; but this was not a single feat, for following on for the Motive Power, the old reliable Geo. Babb hit one of Ernest Bailey's curves; to he extreme point of a distant house; there the ball rested undecided ly for a moment, then sudden ly decided to go clear over the roof. Babb in a easy canter gained his home run. Stanley (donkey) as we observed is seriously lacking in the full technique of the game to have taken up the responsibility as an umpire; a state of affair which stir much wrath the res ponsibility as an umpire; a of affair which stir much wrath on some of his rulings.

The Motive Power whipped the Cubs; played only eight in nings for the total of eight runs while the Cubs were dis mis sed for six runs in the comple ted nine innings. After the ter mination of the match the ge nial Dr. Telémaco Espinach provided a splendid refreshing treat forthe musicians, players and others. The residence of Mr. and Mrs. Rodolph John son was utilized for the social past-time.

ACUÑA & MIRABELLI WHOLESALERS — SAN JOSE

THE TEMPORARY MILITARY

The "STRIKE" of last De cember was an ill—wind that did no good to anyone; had only interrupted the cogwheel of a smoothly working machi ne; thwarted many a promi sing project which, no doubt, would now be in bloom; in fact it sets back our economic statu s to unredeemable grounds.

An Executive Decree of De cember the 26, 1945 said to had been the means of a solu tion between the strikers and the Northern Railway Compa ny; placed the latter under

Temporary Military Control. We now learn that a new Exe cutive Decree is issued, stat ing in part that there being cea sed the cause which had mo tivated the temporary Milita ry Control of the Northern Rai lway Company and the Rail road of Costa Rica is now lif ted.

We sincerely hope such a cause will never agan arise and our people will think thrice and act once as goes the old all wise saying.

TO ALL CONCERNED

I Lilliam White Wilson and my husband George Wilson has separated our marriage relation and he has not been responsible for me for the past twenty years or more, therefore, it is my intention to be married.

THE BARCELONA - TURRIALBA FOOTBALL MATCH

"Get your marker at all cost and if any Limonenses come in the way, use a bottle", apparently such was the sealed travelling order of the footballers from Turrialba in the battle against the reinforced Barcelona on Sunday the 28th April.

The play was witnessed by an overwhelming number of our sporting citizenry. They gave evidence of a gay Spring Festival. The bevy of damsels, in above the "knee shorts", caused the moistening of the lips, but the grey locks rebelled against such a folly; then the lachrymal glands gave way when the ears became burdened with the ill-reputed expressions of some of the young spectators of colour. On with the match:

The pace was cautiously set at the outset the markings were done mildly; the scene was changed when Barcelona took the attack to the portal of the visitors. Edwin Jackson effected a pass to left wing and the portal of the visitors. Edwin Jackson effected a pass to left wing and the "lefty" Arturo Hall entered the shot. The exercise swelled intensely; cannons

were discharged to the left; to the right, behind and in front. In a sharp attack Macaron drew the trigger of his gun and gained the second shot for the home side; thus the first half time was terminated. Speculations took the air as to whether Barcelona would be able to hold the leading positions due to the visible developed aggressiveness of Turrialba? Time quickly proved.

The resumption:— The horns led the attack; a sensational shuffle came in view and Edwin Jackson used his famous dribbling tactic and the earned the goal. The pigskin was replaced at center. Turrialba effected some admirable passes; but the defence was not easily broken. Back again across the meadow the players dashed; on came the fourth goal for Barcelona by a rapid kick from a six metre distance at right wing by Edwin Jackson. Here beginneth the severance of whatever good feelings there was in keeping for the Turrialba boys; they commenced to howl yellow streak and to subvert the discipline of the grand game.

New Harlem Cantina AND RESTAURANT

U. N. I' A. (Lower Floor) FIFTH AVENUE

— OFFERS: —

The Cradle of Comfort and first Class service to its patrons.
NO ADULTERATION — THE PUREST IN FOREIGN AND NATIVE LIQUORS.

We beg to call your attention to our remark at the back of receipt which reads:

This bill must be paid at our office before the 10th of the month

Be so good as to comply with this request and do not oblige us to suspend our service, a step which we would much regret to take

Northern Railway Company to The Citizens of Limon

In view of certain charges that have recently been widely circulated against this Company since the Military Control on the Railway was raised it seems desirable to make the following statement:

1. By section C) of Article 369 of the Labour law, strikes are declared illegal in transport companies.
2. The same law states that employers paying wages not less than the minimum fixed by law cannot be forced to raise these, if they are working at a loss.
3. This Company is working at a loss and does pay wages higher than the minimum fixed by law. It has not bought any railway in Salvador or anywhere else out of profits.
4. In spite of this a strike was organised on the railway last December and it was recognised by all (even the organisers) to be illegal.
5. The penalty for an illegal strike or being absent from duty for two consecutive days without leave is the cancellation of the contract of the culprit.
6. Accordingly, when the strike broke out all contracts were automatically cancelled and while Military Law lasted the Company had no employees of its own.
7. When the Military Law was raised the Company re-employed everybody except a very few obviously disloyal ringleaders, re-validating their contracts though not required to do so by law.
8. The Company has dismissed nobody as a result of the strike, it has merely refused to re-employ certain notorious trouble makers.
9. Therefore there have been no reprisals and there will not be, but discipline will be maintained in the interest of public safety and those who do not obey the rules or who persist in making trouble will be dealt with in accordance with the law as established by the Labour Law.

San José, C. R. May 8th., 1946.

Death and Funeral of Retired Railway Foreman

With apology to the Jamaica Gleaner: The death occurred on Thursday, March 28 of Mr. Mortimer Joseph McAnuff, retired foreman of the Jamaica Government Railway workshop.

The sad event took place in Mandeville, coincidentally on his birth-day where Mr. McAnuff was recuperating from a heart ailment, from which he suffered during the last few months.

Mr. M. J. McAnuff a widely travelled man, having resided for many years in Costa Rica and Panamá. Mr. McAnuff returned to Jamaica and joined

THE BEST
Corbetts:

the staff of the Jamaica Government Railway. He had an unbroken record of service for over 25 years up to the time of retirement in August of last year.

Genuinely liked by his associates for his ready wit, humour, sympathetic understanding and resourcefulness; he contributed much to the dynamic forcefulness of his perso-

nality at home and at work. His two sons, L. A. C. Rupert McAnuff, a former linotype operator at the Gleaner, and A/C2 Upton McAnuff former clerk in the Traffic Manager's office of the Jamaica Government Railway are both with the R. A. F. in England.

The funeral moved from the late residence 2G Slipe Pen Road to coke Church the following day where the funeral service was conducted by the Reverend Mr. Edwards. Interment took place at Maypen cemetery. Many floral tokens marked his last resting place and the number of relatives and friends in attendance bore eloquent testimony to the high esteem in which Mr. McAnuff was held.

SILVER BROOCHERS FOR GAMBIA CHIEFS

A message from Bathurst, capital of THE GAMBIA, says that the award of Silver Brooch Badges to Gambian chief, discontinued in 1940, is to be resumed.

The awards, limited to 30 holders will be made to Chiefs and others living in the Protectorate, who have occupied a responsible public position for 25 years. There are now 21 holders of the Brooch and nine more presentations will be made in the near future. Each recipient of the Silver Brooch will also be given a Certificate signed by the Governor in recognition of the awards.

PRISON EXPERIMENT IN JAMAICA

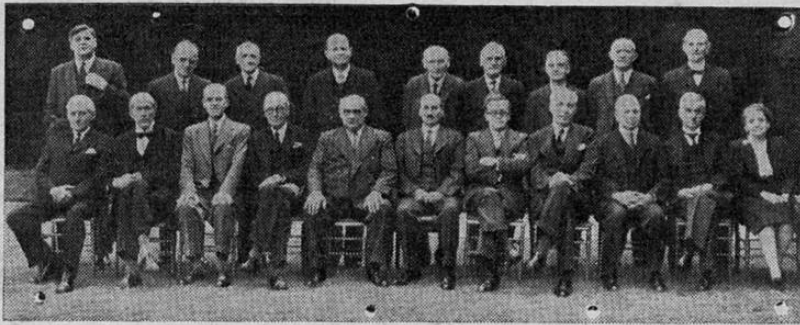

One of the world's most unusual prisons is coming into being in JAMAICA, British West Indies. The Richmond Farm Prison, as it is called, is being financed under the Colonial Development and Welfare Act. The Colony's Director of Prisons, Mr. W. Shillingford, says that the farm, which occupies 435 acres, will have no walls and no wardens. Provision is being made for up to 200 specially selected non-habitual criminals (most of them first offenders) to be trained as small settlers. The training will include soil conservation, animal husbandry, pig, poultry, rabbit and bee keeping, and the building of huts and sheds and the making of utility furniture.

Mr. Shillingford says: "Instead of walls, we hope to build character and instead of wardens there are 'leaders' who work with the prisoners rather as foremen. There are, and will be, many difficulties to be overcome but all concerned are working well as a team and optimism is justified as to the eventual success of this experiment, which has as its primary object the removal of at least a proportion of decent young men (who, for one reason or another, have committed an offence) from the contamination which is inevitable in large overcrowded prisons, and the training of them to become useful members of an agricultural community."

AMERICAN STORES

All American military property and stores now in India, of which the United States

The Labour Cabinet at No. 10 Downing Street London

Front row, left to right:

Rt. Hon. Viscount Addison, Secretary of State for Dominions.

Lord Jowitt, Lord Chancellor.

Sir Stafford Cripps, K.C., President of the Board of Trade.

Rt. Hon. Arthur Greenwood, Lord Privy Seal.

Rt. Hon. E. Bevin, Secretary of State for Foreign Affairs.

Rt. Hon. C. R. Attlee, Prime Minister.

Rt. Hon. Herbert Morrison, Lord President of the Council.

Rt. Hon. Hugh Dalton, Chancellor of the Exchequer.

Rt. Hon. A. V. Alexander, First Lord of the Admiralty.

Rt. Hon. J. Chuter Ede, Secretary of State for the Home Department.

Rt. Hon. Ellen Wilkinson, Minister of Education.

Left to right, back row.

Rt. Hon. Aneurin Bevan, Minister of Health.

Rt. Hon. G. A. Isaacs, Minister of Labour and National Service.

Viscount Stansgate, Secretary of State for Air.

Rt. Hon. G. H. Hall, Secretary of State for the Colonies.

Rt. Hon. Lord Pethwick Lawrence, Secretary of State for India and Burma.

Rt. Hon. J. J. Lawson, Secretary of State for War.

Rt. Hon. J. Westwood, Secretary of State for Scotland.

Rt. Hon. Emanuel Shirwell, Minister of Fuel and Power.

Rt. Hon. Tom Williams, Minister of Agriculture and Fisheries.

Government wishes to dispose, are to be purchased in bulk by the Indian Government. It is estimated that the total amount will be 600,000 tons, ranging from needles and fountain pens to aeroplanes and heavy machinery for road-making. The sale price is not yet fixed, but the American book value is stated to be over £100,000,000.

Representatives of the two Governments will be meeting in the next few months to reach agreement as to price and method of payment, which cannot be separated from claims under Lend - Lease and the reciprocal aid given to the Americans by India.

The arrangements will give the Indian Government complete control of the outflow of American surplus goods into the Indian market.

AFRICAN CHIEFS ARE SCHOOL RIVALS

A message from Accra, in the GOLD COAST, says that a 51-years-old Chief, Ankobalene Odei Mensah, is a pupil at a local night school and has risen to Standard I; now another Chief in the district, Gyaschene Kwasi Afiyia, who is 41, has also joined the school and a friendly rivalry between the two Chiefs has started. Their presence is having an excellent effect on the other pupils and in the atten-

dance at the classes. This is thought to be the only night school in the Gold Coast which has two Chiefs among the pupils.

"RAIN" GENERATOR

A fully automatic irrigation system which operates when the ground requires moisture, has been invented and used for the past ten months by an Australian engineer. The apparatus, which applies stored water, provides the correct amount of moisture content for any crop. The machine has no electricity or motors, or involved gadgets, yet it gauges when the earth requires water for best results and turns it on. Installation costs are well within the range of the average small farmer.

THANKS FROM NEW ZEALAND

The New Zealand Government is donating £3,000 to the Queen Victoria Cottage Hospital, East Grinstead, Sussex, in recognition of the work done for New Zealand airmen who suffered burns requiring plastic surgery.

BANTU PROFESSOR

The University of Cape Town has appointed its first

Native lecturer. He is a Mr. A. C. Jordan who will be lecturer in the Bantu language. Mr. Jordan is 39 years of age, a B.A., an M.A., and the author of several books in the Bantu language.

AMERICANS IN AUSTRALIA

Benefits under the Re-establishment and Employment Act will be extended to American servicemen settling in Australia. These include employment facilities through the Commonwealth employment service, including the payment of transitional re-employment allowance, training in occupations where openings exist and re-establishment loans for undertakings offering good prospects.

The Commonwealth will discuss with the United States the possibility of amending the current Commonwealth States housing agreement to see what housing concessions can be granted to former U.S. servicemen. Conditions of eligibility will be the same as those for Australian veterans. The Department of Immigration will advise and assist immigrants among the American forces. Additionally, it will in form them of their legal obligations and duties settlers.

Crusade Against Bread Waste

Newspapers, cinemas, the wireless, and other agencies for publicity and advertising have joined the current campaign for bread saving in Britain. 1,250 newspapers are carrying paid advertisements making straight appeals to the public to avoid waste and giving domestic hints on economical dishes. (See the Ministry of Food's advertisement on page 43). For several months cinemas have been featuring food flashes, appeals, and advice to housewives, while BBC is carrying special talks on food.

The campaign is being taken directly to fortysix women's associations such as the Women's Cooperative Guild and the TUC Women's Advisory Committee. Printed matter and other displays are meeting the public from all sides: beginning April 15th, 10,000 sites will bear large posters, while over a quarter of a million smaller posters will be available for women's organisations, food advice centres, buses, and trolleys. 5,000,000 stickers are being printed for pasting on garbage cans. Twenty mobile exhibitions will tour one hundred and forty towns from May to August, and our hundred displays will show methods of avoiding bread waste. Leaflets will discuss each of the following three subjects: how to avoid bread waste, how use stale bread, and the causes of the present wheat shortage. During May and June the Post Office franking device will carry the slogan, "Don't Waste Bread; Others Nedd It".

The baking and catering trades have recently, held conferences on the general question of food economy, and are co-operating wholeheartedly in the campaign. In spite of the financial complications involved, the baking trade has recommended that the standard two-pound loaf be reduced to one and three-quarters pounds, a change now under consideration. They also suggested a scheme for mutual aid between bakers by which those owning ruskings and crumbing machinery would handle surplus loaves of those not possessing such equipment.

In addition to raising the wheat extraction rate from 80 to 85/100, it was decided that from March 24th, no bread was to be served in restaurants as part of a meal (other than breakfast) unless the bread was an integral part of a dish, or was requested by a customer.
