

What Ladies!

From Cuacimo comes the news that a prominent woman of that vicinity was caught red-handed practising obeah. She was taken before the Tribunal there and confessed her guilt; what has been the sentence we have not heard yet, nor have we been able to get the name of this individual until our next issue.

Cieniguita

A young man named Chas. Cole went to bath at Cieniguita on Sunday morning when the current drew him out, and he could not return. He had to be rescued by a boat, just barely alive.

Trade Notice

The attention of our readers is called to the advertisement of the well known Brand of Condensed Milk "Shepherd" which appears in today's issue. "Shepherd Brand" is well known and will receive its full share of patronage.

The Fatal Number 13

The Leyland Line steamer "Antillian" which is ashore at Turks Island is 13 years old, sailed from Liverpool on the 13th of the month and had on board at the time of her stranding 13 passengers.

Echos from Cairo

From Rio Peja we see 8 men who have come to Limon to see a lawyer in consequence of having been arrested and taken to Siquirres at the instance of an Italian name Pyreen. It is said that these men have been squatting on the U. F. Company's lands in that division for over 12 years now, and suddenly this Italian gentleman, apparently without permission from the U. F. Company, takes in the Alcalde from Siquirres to embargo the people. He afterwards arrests these people on suspicion of attempting to burn the house of Don Felix Pacheco, because he says he finds his step scorched one morning. The charge was dismissed by the Judge in Siquirres hence these men are seeking redress as to why they should have been arrested.

Las Mercedes

Engin 35 came to grief between Las Mercedes and Troque. She is on the old line on Friday last, she jumped the track and capsized. The wrecking gang went out and succeeded in getting her on the track again with hardly any delay to traffic. The only sufferers seem to be the wrecking gang who are bitter in their protest of the bad treatment given them. They say they were fed like pigs. This is an important gang and should be well cared for, as they have to leave home all in a hurry at times.

Banana Buyi q.

The undersigned on behalf of the Atlantic Fruit Co. is prepared to buy bananas and treat with the growers for the delivery of bananas at once. The price to be paid from purchases made the 14 & 15 inst. Bananas will be received at points as named, at 34 cents gold and alongside the ship in boats or in Carload Lots at 55 cents gold.

We solicit the support of farmers, to help to keep us doing business in the country. If we shall have been able to establish on a firmer basis, by the purchase and planting of our own properties.

We would like to see the benefits of the Atlantic Fruit Co. to the public. By the support of our Co. which we have been able to place the Fruit industry of the country on a substantial basis to the grower. This is the only way to the proposition that may be put to you for the object of getting us out of the country and then bring you back to the former disastrous state of affairs.

Now is your chance! Open your eyes and help to encourage competition in the country. It is our intention to treat every man alike, and to help the small Farmers to cultivate his holding for our Mutual Benefit.

Notice

On account of limited space in the Limon Cemetery, the Junta de Caridad will have graves that have reached the legal time limit, reopened and whatever remains in them burned, according to the law.

All those not wishing to have the grave of their relative re-opened, please call at the office of the Junta and arrange with the Treasurer.

The Recent Earthquake.

The earthquake of the 6th which was barely felt here appears to have wrought considerable damage in the interior. The villages of Sarchi and Toro Amarillo suffered greatly. Several houses were carried away by the river which rose 24 metros within a few minutes after the shock, nine persons have been known to be missing from the former village while a Sr. Castro lost his wife and child as well as all his property at Toro Amarillo.

The President visited the stricken districts almost immediately after and promise the people help. Fifty thousand colones has been voted by Congress to help the sufferers and lumber, zinc, and food is being rushed to the two stricken districts. Professor Biolley visited the district and on reaching the foot of the volcano Poas, was greeted with an earthquake shock of much intensity, and was followed by no less than one hundred shocks within an hour. The intensity of these varying from III to VII, huge rents are visible on the sides of the mountains from top to base, and it is estimated that at least 300 manzanas of land slid down from the W. N. W. side of the volcano to the river. From Tres Rios comes the news that a heavy fall of snow followed by a deluge of rain took place, the people were panic stricken, the river banks were piled up with snow and the coffee plantations and pastures completely covered by the snow fall. The coffee and other crops are it is feared completely ruined.

Bahyo Gone.

A familiar curiosity is gone from us. One has hardly come across Bahyo without feeling a sympathetic stroke that borders on to an admiration of the little fellow. He took ill some weeks ago and died on Tuesday in the Hospital. Many people will miss the little fellow and feel sorry that Limon has lost one of her curiosities.

On a certain banana farm three months ago (one of the many grossly mismanaged by an incompetent Superintendent), a newly arrived Mandaor on receiving his first cutting order proceeded to the farm filled with importance, seeing the men cutting down the banana trees he called to them to desist demanding from the foreman why those magnificent trees were being cut down, when told it was for the purpose of getting in the fruit he became more angry and ordered the foreman to get ladders and gather the bunches instead of chopping down the trees. The loud laugh of the men and the sudden collapse of the foreman so exasperated him that he immediately reported the matter to his friend the Superintendent. We regret that the Superintendent's reply is not recorded on the gramophone which the washerwoman won and didn't get.

Russian Athlete.

Mr. Sudakoff the great Russian Athlete gave a fine exhibition of strength on Sunday night at the Theatre Colon. His feats of strength and his adeptness at wrestling were much applauded. He will perform again on Sunday night next at Teatre Colon and during the week will arrange his trip to Siquirres.

Fewer Gallons; Wears Longer

The secret is out and Limon can go on living just as if the riddle had never been asked. No it can't either. Limon is not going to be what it was before its houses are going to be brighter; its people a little more prosperous—they are going to have some of their money left to buy other things with. The answer to the riddle is this: you can paint a building with fewer gallons Devco Lead and Zinc paint than with mixed paints, and it will wear several times as long as a building painted with lead and oil mixed by hand. There's proof abundant of it all over the United States. There will soon be proof abundant of it in Limon. What will people do with the rest of their money? Ask Davidson & Co

Mr. Editor:

Sir,—Please allow me space in your valuable paper to put this before the public. The people who are living around this vicinity (chiefly Jamaicans) are being disturbed by a so called Italian Governor named Pearan here, who took upon himself to charge the people rent for living on the Coy's property which is contrary to the arrangement agreed to by the U. F. Company in Jamaica. It seems as if some of the mandadors without permission from the company are leasing the company's land, and hence the trouble. Some of these people are living here upwards of ten years, and never been interrupted by the company until this Italian governor awakes from his slumber. The people are prepared not to pay any rent, but will willingly give up possession of their houses, if they be legally paid by who ever wants to dispossess them. 'Tis true that the company provides camps for the labourers; but there are good many respectable men with their wives and children, who can't live in camps, and if they try to live peaceably and decently in the country, why should they be molested by other foreigners, and not by the company or natives?

These are just the things that stir up the people's anger and cause great criminal cases in the country. The people are told that few days from this date, they will have to leave their homes, which will cause trouble. We therefore sincerely ask the Government and these in authority to give some advice today the Italian governor brought, in the Alcalde from Siquirres to embargo the people's houses, one man is now in jail on this account.

Re "Banana Growers."

To the Editor:

Sir,—I have before me a letter to "Banana Growers," signed by C. Vernor Lindo, which no doubt the majority of your readers who are interested in the banana industry have seen.

Personally I think the circular is rather an insult to the intelligence of "Banana Growers." Mr. Lindo informs us that he has our interests at heart, whereas it is obviously those of the United Fruit Company he has at heart, by which corporation he has undoubtedly been bought out.

As Mr. Lindo must be aware competition is essential for the welfare of the private grower, and no one can be better ac-

The Big Law Suit

The New Orleans "Times Democrat" of the 1st inst. has a full report of the big law suit between Messrs. Lindo Bros. and the Atlantic Fruit Coy from the pen of their special correspondent here, the Jamaica Gleaner has also reproduced in full the Bulletin published by the TIMES as well as other articles on the case published in our tri-weekly issues, the interest that the case is causing in other parts of the world is therefore almost equal to that of this country.

quainted than he—with his Old Line farms, of the fact that not 50 per cent of the banana producers can get a fair interest on their investment by selling to the United Fruit Company at 14½ cents for an eight hand bunch. He concludes his circular by stating that "if you wish for a contract a line to me will get you the same kind of contract as I have."

I think many people who hold contracts at present would be glad of this. Does the contract he has been holding call no more than one cutting a week, and that full fruit only? If it did and has been enforced as it has been with many growers, I might inform Mr. Lindo that he would have delivered approximately 20 per cent less fruit than he has done in the past.

I hold no brief for the Atlantic Fruit Company and emphatically disapprove of their present methods. The only way they can get in here is to open up new land, lay new spurs and to put it vulgarly, show us the colour of their money.

It is however, certainly up to growers (with or without contracts) who are selling their fruit for 30 cents a first and 14½ a second, to amalgamate and form plans for the future. Then if the Atlantic Fruit Co. wish to take up their cause in a sensible and business manner let them do so. If they will not others will, because there is money in it.

I consider that an Association of Growers not directly connected with the U. Fruit Co. should at once be formed a meeting called and the matter thoroughly discussed.

I think it will be interesting to all to know the views of people on this matter, who own or represent those who own over 50 hectares of land cultivated in banana

Caridad....

En los días de San José, del domingo, se dice que en el Teatro Variedades se organiza actualmente una velada a favor de los damnificados en el terremoto de Toro Amarillo.

En todas las provincias se han levantado suscripciones a favor de tantos desgraciados sin hogar y sin pan.

Nosotros hemos visto esa catástrofe con la clásica indiferencia musulmana de que habló en días pasados "La Prensa Libre." Hemos oído los lamentos de esos seres que sufren hambre, de esos hermanos hoy en la indigencia, y hemos vuelto la cabeza, con la suprema indiferencia de burgueses potentados.

La caridad bien entendida, no consiste en levantar templos de dorados capiteles, ni en poner mucho oro en los altares para adorar en ellos la dulce figura de un Jesús que nos tiende los brazos misericordiosamente, envolviéndonos en la dulzura de sus ojos místicamente tristes. No; ese Jesús de Galilea no tuvo más techo que la tranquila magestad de los cielos azulosos, donde las nubes, como flores de ilusión, van deshojándose al caer de los crepúsculos. Jesús fue un gitano sin tienda, que en las fatigas del camino se tendió bajo la protección de las palmeras, en las noches silenciosas y cálidas, donde los albatros del viento en las ramas, ponen conjuros de magos orientales. Jesús el Nazareno fue solo, predicando siempre la paz y la caridad como la base de toda religión, porque la caridad es el amor supremo y el amor supremo es la suprema religión!

Toca a las nobles damas que forman esta sociedad, organizar un Turco o una Velada a favor de esos pobres; levantar una suscripción entre naturales y extranjeros, que no se negarán de seguro a contribuir, poniendo su óbolo en manos de señoras que practican hoy el verdadero sacerdocio que predicó Jesús en las llanuras de Galilea entre los pobres y los ricos.

UN poco enferma se encontraba en días pasados la Sta. Angélica Amador. Nos alegramos sinceramente que hoy esté completamente restablecida.

DON Ernesto Machado, Bacteriólogo del Hospital de la United estuvo enfermo en días pasados. Nos alegramos de que ya esté completamente restablecido.

HEMOS visto con suma complacencia que se está arreglando las aceras como lo había ordenado la Municipalidad hace ya mucho tiempo.... por fin hay jueces en Berlín...

Para San José partió el Lunes la familia del Sr. Gobernador, a pasar una temporada en la Capital. Deseamos que ese viaje termine pronto para tener el placer de verlas nuevamente entre nosotros.

BASTANTE enfermos están D. Carlos Johanning y su Sra. esposa. Nuestros votos por su pronto restablecimiento.

DIARIAMENTE mandamos nuestro canje a la Prensa Libre; como no recibimos el suyo, creemos que no le llega el nuestro; sin embargo, como es un periódico interesante e extremo, y pasamos ratos muy agradables leyendolo, quisieramos saber quien es el agente aquí, para tomar una suscripción...

DICE nuestro colega "El Herald del Atlántico," que en la casa de Piza, frente a las Escuelas Públicas, sigue su vida alegre una turba de Grisetas limonenses. Esto, que parece increíble, es muy cierto, y es muy cierto también, que en todos los países del mundo, las mujeres de esa clase tienen calle especial para formar sus escándalos, generalmente en los lugares retirados de la población. Aquí se les prohibió la entrada al parque en las noches de retreta, y no se las obliga a vivir en sitios retirados de las familias honorables, y sobre todo, de las Escuelas. ¡Qué moral puede enseñarse a un niño que está viendo frente al plantel donde se le inculcan sanas doctrinas, una casa que corre pareja con los últimos arrabales de Montmartre? Ojalá las autoridades, pusieran término a esto, que es verdaderamente escandaloso.

El Director, ISAAC BARRAHONA S.

El alma nueva de Francia

Interrogado por un repórter, un moralista eminente ha declarado hoy mismo:

—Los alemanes, los ingleses, los americanos, todos los pueblos, en suma, se figuran que en nuestra patria no existe la vida de familia. Acabo justamente de leer una revista yanqui y veo que un viajero habla de París como un baile público. Los extranjeros calumnian nuestras costumbres y hacen creer que entre nosotros no hay más que can-can, cortesanas, actrices ligeras e intrigas galantes, lo que es falso y absurdo.

El moralista que habla de ese modo, tiene razón. Pero yo creo que si los extranjeros presentan así a París, es porque los parisientes les enseñan el camino. Un caso reciente lo prueba. Queriendo festejar a una comisión oficial inglesa, organizaron los ediles de Niza una representación teatral. ¿Y sabéis lo que dieron? Pues nada menos que "Cabotine," de Tristán Bernard. Yo a decir verdad, no conozco esta pieza, pero en un estudio del teatro del gran autor contemporáneo, encuentro un análisis de ella que me hace ver su índole. Al levantarse el telón—dice este análisis—nos encontramos entre actrices gorgeantes y vaposas. La gente de teatro está tan en auge, que cuando un dramaturgo quiere buscar personajes simpáticos, recurre a las damas jóvenes enamoradas y a los galanes celosos. La dama joven de "Cabotine" no está enamorada. Está casada. Después de una larga y brillante "carrera" encuentra, en efecto, a un príncipe ruso, el gran Kolbasof, que le da su nombre y su fortuna. Juntos se van a vivir a Petersburgo, en donde la rubia Marieta representa con un talento admirable su papel de princesa. Pero ¡hay! en medio de todos sus triunfos sociales, la muchacha de Nouveautes no puede dejar de suspirar por la vida de teatro, por los aplausos, por los ataques de nervios, por las aventuras en los pasillos que huelen a jazmín y a aguas suaves. Un día patea una "troupe" por Rusia. El empresario es amigo de Marieta. Se ven. Ella le dice que quiere ir a París, a representar algún papel durante unos cuantos días. Se arregla todo. Y pretextando la necesidad de ir a cuidar a su pobre madre enferma, la rubia dama abandona a su noble esposo.

Ya en París, Marieta ensaya su papel y se siente más feliz que nunca. El día de su debut llega. Son las seis de la tarde. De pronto, alguien llama a la puerta. ¿El empresario?... No; el marido. ¡Santos cielos! Y lo curioso es que llega contento, parlero, ignorante de todo.

—Al llegar a la estación—dice—vi pasar al Presidente de la República y le grité: ¡Viva este noble país!

—¿En francés?

—No... en ruso.

Marieta encuentra en el acto el medio de deshacerse de su señor esposo. Corre a buscar a un cómico amigo suyo y le dice:

—Vístete de comisario de policía y ven a casa. Vas a decir al príncipe que sus palabras son consideradas como un insulto al Jefe del Estado, por lo el Ministro ha dado un decreto expulsándolo de Francia.

Así lo hizo el actor y Kolbasof lo cree.

Pero antes quiere pasar por el teatro de Nouveautes para ver a una amiga suya a quien conoció en San Petersburgo. En vez de su amiga, aparece su mujer. Gran escándalo. Luego gran explicación. Al fin gran reconciliación.

Tal es la comedia escogida por los provincianos. ¿Es inmoral? No, no lo es. Pero hay en ella el eterno medio ambiente cocoteseo, de risa y de engaño, que hace creer que en Francia todo es una orgía perpetua, una perpetua burla, y de seguro los ingleses, después de asistir a la función que en honor de él se daba, dijeron:

en las novelas una escena como las de nuestros Dickens. Todo es amor perverso, todo es intriga, todo es fiesta. El alma de Rastignac y el alma de la Torpille son siempre las que dominan.

Esto, para el que sólo conoce la vida francesa por las novelas, por las comedias, por las crónicas de los tribunales, por los ecos mundanos de los periódicos, es una verdad evidente. Y sin embargo, si hay en el mundo un país cuyo fondo sea estrictamente serio y familiar, es Francia. Porque Francia no es París, como París no es Montmartre. Francia es esa vasta y bella provincia en donde las casas de modesto aspecto encierran la vida burguesa tal cual existía en tiempo de Ronsard; Francia es ese admirable campo que se extiende desde las playas de la Mancha hasta los Pirineos y en la cual cada familia tiene una huerta; Francia es esa formidable región fabril en donde las ciudades negras de carbón y vibrantes de energías son como columnas humanas; Francia es esa tierra de los experimentos peligrosos en la cual se fabrican los primeros automóviles y los primeros aeroplanos; Francia es esa cuna fecunda de hombres activos que da al Africa actual conquistadores dignos de figurar en la historia al lado de los Valdivia y de los Alvarado.

Sólo que, claro, esa Francia real interesa al mundo menos que las de las comedias, como la España verdadera interesa menos que la de panfletos.

Y en esto, dígame lo que se quiera, no son los extranjeros los culpables. Los extranjeros creen lo que cada país dice de sí mismo. España se empeña en que sus pintores ugan cuadros de brujas, como los de Zuluaga, que sus novelistas cuenten historias de bandoleros como Barco Ibañez, que sus dramaturgos expongan escenas de cróm como los de Quintero.... Pues entonces no hay que quejarse de que Europa vea la imagen de la nación española en una manola con un manto de manila bailando un tango en un tinglado sucio, entretrebanistas de trabuco. Francia quiere que sus novelistas no describa más que

aliterios mundanos con muchas quintasencias pecaminosas, y que sus dramaturgos no expongan sino la existencia de las actrices vaporosas, y que sus pintores no pinten sino mujeres que suspiran entre los brazos de galanes de frac? Pues que no pretente en ese caso cuando los de fuera simbolizan su imagen en un cocote que baila un can-can desordenado entre bebedores de champaña.

—Los ingleses,—dice todo el mundo—son los seres más hipocritas del orbe, pues teniendo muchos vicios y muchos defectos, no dejan traslucir sino sus virtudes y sus buenas cualidades.

Cierto, muy cierto. Pero talvez en lugar de seguir protestando contra tal hipocresía, fuera bueno hacer lo posible por imitarla. En Francia y en España, sobre todo, un poco de más respeto de sí mismo estaría bien. De lo contrario, dentro de diez años, ya no habrá nadie en el mundo que no crea que todo España es una plaza de toros y toda Francia un café concierto.

Atlantic Fruit Company

This Banana Company which has hitherto upheld the competition in the purchase of fruit in Jamaica during the past 6 or 7 years with great benefits to the planters and for the public good of that Colony had 6 or 7 steamers weekly. We have an equal number of agents in Mexico, Cuba, Honduras and Nicaragua with a fleet of 30 steamers at our command for the transportation of fruit for the supply of the market of the United State and Germany.

With the object of establishing in Costa Rica on a secure basis we entered into negotiations with Messrs Lindo Bros for the purchase of a considerable number of farms, this negotiations at the last moment has reached a regrettable stage; the Company in spite of these difficulties have the hope of arriving at a satisfactory settlement, and on their part are disposed to comply with the stipulations in order to lose no time they have decided to enter into contracts with the Banana producers through me.

The price which the Company is prepared to pay is as follows-34 centavos American gold for first class bunches, and 16½ for second according to the classification in practice in this country payment will be made in cash on presentation at the offices in San José and Limon of the checks issued by the employees of the Company. The Bananas are deliverable on the line of railway at the usual platform.

The Company will give the greatest facility and advantage for the cutting and delivery of the fruit.
