## Reply to Gil Blas.

Mr. Editor:

Sir—I notice in the 115th edition of the "Herald Atlantico" that a Gil Blas has attempted to ridicule your reference to a promise made by President Jimenez on his recent visit to Limon, to endeavour to free parents of the capitation tax on school children leaving the country.

Gil Blas would like to know why should Congress make laws to benefit a privileged race, but does Blast know that it is the privilege races that have made a beautiful port for him to enjoy? May I ask Gill Blas of what good he has been to his country? If gratitude is a mark of gentility and a sign of the existence of a nobler and higher nature than the brute beast, then Gil Blas is a lamentable failure as far as type of genteel manhood is concerned. Gil Blas seems not even to be intelligent enough to grasp the fact that the Editor of the "Atlantico" would have to be included in his "Razas Privilegerdas" and therefore insulted. One would think that Gill Blas's intercourse with the privileged races would have inspired him to rise from his aboriginal ideas and endeavour to send abroad his offsprings to be better fitted to associate with races of more cultivated ideas.

Thanking you for the courtesy extended me.

I am etc.,

## Shipping News

There will be a U. F. Coy's boat for Puerto Barrios on Friday this week, as also the regular sailings for New York via Jamaica and Colon. A Hamburg boat is also expected from Colon for Barrios.

606...

Strange occurrences crop up at times in our lives, but the strangest coincidence we have observed for a long time is that the Atlantic Fruit Coy. seem to be disposed to do good to them that spitefully use her, having provided a cure for the wounds she may have created, from the fact that the first Pedimento taken from the Customs for the embarkation of her first cargo of fruit was numbered 606. Does this suggest a recommendation to her enemies who prowl at nights in search of her belongings?

## Alerta !!

Circula un rumor, que tiene muchos visos de ser cierto, y que pudiera perjudicar el buen nombre del Gobierno. Dicese, que una Compañía ha pagado á un agricultor, propietario de una lancha, para que ponga trozos de hierro en la desembocadura de cierto río por donde es muy fácil trasportar el banano.

Nos parece que esto es un atentado incalificable, y que el Gobierno debe tomar toda clase de medidas para evitar en lo posible estos abusos, porque si en épocas anteriores se aceptaron contratos que daban grandes libertades, que han alentado á los beneficiados en ellos á cometer toda clase de arbitrariedades, es necesario poner coto á quienes traten de monopolizar la exportación de banano con procedimientos que hablan muy poco bien de la hidalguía y del buen nombre de quienes se titulan caballeros ó gentlemen. Andar asustado á los pobres trabajadores, machetear banano, y poner obstáculos en los ríos, son hechos que no queremos calificar, porque tendríamos que usar de un lenguaje á que no estamos acostumbrados.

Hemos visto las dolorosas consecuencias que ocasionan al País, las contemplaciones con las entidades poderosas, que han sacado de Costa Rica los muchos millones de dollars que se reparten luego, allá en Nueva York unos cuantos burgueses.

Hay que tener mucho cuidado; la sombra de un Walker comerciante, se yergue sobre los cielos del país; las garras afiladas del águila que ostenta cierta moneda, se han abierto sobre estas Repúblicas, y si vivimos descontentados, pudiera acontecer que tuviéramos que llorar como niños lo que no supimos defender como hombres, como dijo no se quién.

La doctrina Monroe, comercialmente hablando, sería la suprema locura para los pueblos de la América: América para los Americanos ¡hay! de aquellos que quisieran oponerse, porque la intencionada tergiversación de una frase nos encadenaría para siempre, y el tormento de Prometeo, soñado por Júpiter en la leyenda mitológica, volvería á reacer: un continente amarrado á la roca de una doctrina... y un buitres que le roe eternamente las entrañas...

(Para El Herald)

Amigo Orozco:

Aunque no tenemos mucho tiempo para paliques, por tratarse de usted, vamos á dedicarle un rato á su colaborador Gil Blas:

1º-Como para el buen entendido con pocas palabras basta, creímos que con decir, «el señor Presidente» refiriéndonos á una visita que don Ricardo Jiménez hizo á Limón, nadie había de imaginarse que se trataba del tal Yuan Shi Kay, de quien nadie se acuerda sino el titulado Gil Blas.

2º-Nos parece que corre el corre el mes de junio del año de gracia de 1912 y que la visita del señor Presidente (no el Chino) tuvo lugar en Diciembre del año pasado; bien podemos por tanto recordar ahora las cosas que pasaron hace seis meses.

Que lea Gil Blas el primer párrafo de nuestro artículo, como cuando por la boca de un danés, se dice: "Hilf dir selber", no lo escribimos especialmente para él.

3º-Nos provoca pasar por alto este párrafo, pues nos parece tiempo y papel perdidos ocuparnos de él. Tiene gracia aquello de que para que sea permitido poner en plural el sustantivo *Sol*, sea necesario que haya contraído matrimonio... Nunca habla oíto Gil Blas hablar de unos ojos como dos sales!

4º y IX-"Las iras á veces más terribles..." las razas privilegiadas"... Que vuelva á leer esos párrafos su colaborador, y si con un poco de hermenéutica no los entiende, que se quede á obscuras... nos tiene sin cuidado. Esos no son asuntos gramaticales, y queremos reservar nombres propios.

5º-Sa le abona.

6º-No le abona. El posesivo *sus* no puede referirse á señores porque esta palabra no existe en la oración; sino á país que si existe, y muy cerca del pronombre. Este Gil Blas ve chinis en todas partes.

7º-Dm Benevolamente Escuchó debe de ser usted Orozco que benevolamente acepta ciertas colaboraciones, ó nosotros que benevolamente las leemos y comentamos.

8º Nos parece que su colaborador es de los que oyen cantar el gallo y no sabe donde. El ha oído sin duda hablar de "pleonasmos" y cree que eso debe de ser algo como el Anticristo. *Qué repase! que repase la gramática! Vaya! vaya! caracoles, maravilla, maravilla! Qué barbaridad! qué barbaridad! Cuántos pleonasmos, cuántos pleonasmos!*

Una pregunta, amigo Orozco: ¿Paliques es un artículo gracioso?

## ¡Bananeros!!

Vendo los siguientes totes de terreno, ó acepto un socio capitalista para cultivarlos:

Lote de 200 hectáreas tercer orden-situado en la Segunda División Atlántica: colinda por el Sur, con la finca "La Colomblana" de la United Fruit Co. Los cultivos y tranvías de esta finca llegan hasta el lindero de mi terreno.

Lote de 150 hectáreas, situado al sur de la finca «Venetia» también de la United Fruit Co; y como en el primero, los cultivos y tranvías de esta finca, llegan al lindero. ¡Ambos terrenos son planos, tienen abundantes arroyos y 2 arroyos que son excelentes para el cultivo del banano.

# Banana Buying.

The undersigned on behalf of the Atlantic Fruit Coy. is prepared to buy bananas, and treat with the growers for the delivery of bananas at once. The first shipment will be made from purchases made the 14 & 15 inst. Bananas will be received at points to be named, at 34 cents gold and alongside the ship in boats or in Carload Lots at 55 cents gold.

We solicit the support of farmers, to help to keep us doing business in the country until we shall have been able to establish on a firmer basis, by the purchasing and planting of our own properties.

We will call attention to the benefits that have accrued to the public Jamaica by the competition of our Coy. which we have been able to place the Fruit industry of that country on a substantial basis to the grower. Therefore do not to idle proposition that may be put to you for the object of getting us out of the way, and then bring you back to the former disastrous state of our country.

Now is your time Planters! Open your eyes and help to encourage cultivation in the country. It is our intention to treat every man alike, and help the small Farmers to cultivate his holding for our Mutual Benefit, and to help the large Farmers to do the same.

## THE TIMES

—Port Limon, Costa Rica.

### ATLANTIC'S FIRST LOAD

At the sound of the whistle of the Hamburg American Steamship Prinz Joachim on Sunday last, we were forced to recall the fact that this was the signal fact that this was the signal for the realization of an accomplishment that must long be remembered by every resident in the town who cherishes a hope for the betterment of Costa Rica.

Too much has been said and done to need any comment, but we cannot pass on without reflecting on the able manner Mr. R. C. Wetmore, Manager of the Atlantic Fruit Coy. here, conducted his business all through the fight, while other heads were busy along the lines, walking armed, driving in specials, running pell-mell in gasoline cars. He kept a perfectly level head directing his operations by telegrams and messages as he had no cars nor specials in a manner that even his opposers could not but admire and fear. His seriousness and gentlemanly deportment while his opponents were doing everything to frustrate his plans for securing a preliminary cargo, was keenly regarded by the public. His admirers felt that a demonstration should have been given at the departure of the ship, but on reflection it was decided that the time had not yet arrived for public display, in consequence of the various matters under consideration. However we are proud that the first shipment has been made, every man woman and child ought to be glad and the mercantile section of Costa Rica ought to assist the small planters to see to the future, for we have got to recollect that now that the fight has begun we cannot look back or we shall be oppressed in a manner that would make our existence in Costa Rica impossible. There are those who think that the Atlantic Fruit Coy. is only endeavouring to ship a few bunches so as to create sympathy with the public to help them to win the case, how absurd, how ridiculous to think that because this company buys a few stems of fruit in the country this could influence the justice of the country? And supposing that they won or lost the case could a responsible company after entering into the Commercial life of a country and win the esteem and sympathy of the entire country possibly be so dishonourable as to suddenly quit their operations in that country? echo answers no. To us there is no lawsuit over the farms for it would appear that the lawsuit is only to decide a question of privileges, but as far as the farms are concerned that seem to be in their hands to deposit the money and guarantees as decided upon when the time expires and take your farms. Therefore there is no reason

why they should leave the country backed as they are by public opinion and the banana growers of the country, for if there is a farmer in the country small or great who does not glory in the advent of the Atlantic Fruit Coy. we are yet to hear of him.

### Series of Fracas.

On Monday we learn that there was a rather amusing scrap at Siquirres. A Banana Receiver whose name we did not obtain, got at loggerheads with a labourer. It is said that the labourer asked for rations as is customary, but he came in at a late hour which the Receiver reminded him of, hot words followed and the Receiver kicked him, with the result that the entire gang fell on the Receiver and would have killed him had other people not intervened.

#### ANOTHER.

There was also a fracas on Monday last at the Aduna, when Don Manuel Lopez was accosted by a labourer who seemed to have been drunk. After this he tried his game with our friend Don Tomas, but seeing the disadvantages, the poor fellow was under, Don Manuel simply pushed him out the way, rather than illtreating him. The man was taken away by friends of his, as they felt he would not have been so rude had he not been drunk.

#### YET ANOTHER.

A couple days ago, the foreman car repairer came in for some harsh treatment at the hands of switchman Lawrence. It appears that Mr. Forst told the man to take away a car which he refused to do on the ground that Forst had no right to give him orders, this latter abused the man who returned it and went on to the Pier on his duty. He was followed there by Forst who accosted him on the Pier, resulting that Lawrence is said to have given him a whipping.

After walking from the Northern to the Pier to seek a fight, this is hard luck.

## Another Company Grand Excursion Day

With reference to the entry of another Banana Company to which we made reference last week, we find "La Republica" also mentions the same thing in Tuesday's issue.

It says that the Spanish Transatlantic Steamship Coy. will open up stations here for shipping fruit to Barcelona and other European ports, independent of the United Fruit or the Atlantic Fruit Companies.

We have made enquiries and find that there is a Mr. Carro from that Company here, and that the measurements of the loading machine, and distance between and name of stations along the Railway lines have all been sent to Europe for consideration.

## Chasing a Villain

We are pleased to see that Mr. Abraham Mendez has returned from New Orleans whither he had to go in consequence of having to go after J. Broderick, a lottery ticket seller of his, who absconded with 600 colones in tickets for that gentleman. The fact of his boarding the steamer for Puerto Barrios was reported to Mr. Mendez, but when he searched the ship he could not find Broderick, he then decided to go to Barrios with the man, but on the way Broderick came from his hiding place and confessed to Mr Mendez begging his forgiveness and returning him 120 dollars gold of the money and a list with 75 colones to be collected here hence he thought best to go on to New Orleans in the meantime.

#### What it means

We're tired of answering questions!  
"Fewer Gallons, Wears Longer" means that you don't have to paint your house so often and you don't have to use so much paint. Costs less for the job, and you don't have to do the job so often.  
The new paint is not new at all. It's the biggest selling paint in the United States, and the firm that makes it is 138 years old.  
Devco Lead and Zinc—fewer gallons than mixed paints, wears twice as long as lead and oil.

## Atlantic Fruit Company

This Banana Company which has hitherto upheld the competition in the purchase of fruit in Jamaica during the past 6 or 7 years with great benefits to the planters and for the public good of that Colony load 6 or 7 steamers weekly. We have an equal number of agents in Mexico, Cuba, Honduras and Nicaragua with a fleet of 30 steamers at our command for the transportation of fruit for the supply of the market of the United State and Germany.

With the object of establishing in Costa Rica on a secure basis, we entered into negotiations with Messrs Lindo, Bros for the purchase of a considerable number of farms. This negotiations at the last moment has reached a regrettable stage. The Company in order to solve these difficulties have the hope of arriving at a satisfactory settlement, and on their part are disposed to comply with the stipulations in order to lose no time they have decided to enter into contracts with the Banana producers through me.

The price which the Company is prepared to pay is as follows-34 centavos American gold for first class bunches, and 16¢ for second according to the classification in practice in this country payment will be made in cash on presentation at the offices in San José and Limon of the checks issued by the employees of the Company. The Bananas are deliverable on the line of railway at the usual platforms.

The Company will give the greatest facility and advantage for the cutting and delivery of the fruit. For further information please apply to the under signed Agent at his office which will be shortly opened in this city.
