

LA VOZ ATLANTICA

SEMANARIO INDEPENDIENTE

AÑO IX — LIMON, COSTA RICA, SABADO 22 DE ABRIL DE 1944 — No. 419

SE ABRE UNA ESCUELA NOCTURNA DE INGLES

PARECE QUE LA EXPORTACION DE BANANOS ESTA ENCONTRANDO SERIAS DIFICULTADES POR LA OPOSICION de la COMPAÑIA BANANERA

Como saben nuestros lectores desde hace varias semanas se está exportando una cantidad de bananos que llega a siete u ocho mil racimos semanales, lo que ha permitido a los dueños de finca y a muchos peones una mejora en su situación económica. La Compañía que se ha formado en Limón estaba comprando el banano a cincuenta céntimos oro el racimo computado, que es más todavía de lo que pagaba la mayoría de las veces la Compañía Bananera.

Pero parece que la Compañía ha enviado a uno de sus altos empleados a advertir a todos los productores de banano que se mantienen en los abanos de la Compañía que no puede entregarle la fruta a la nueva compañía. Ignoramos las razones en que se basa la compañía frutera y ninguna de

las personas con quienes hemos conversado sobre este asunto, nos han podido dar razones.

Don Manuel Iglesias representante de la nueva compañía visitó al señor Gerente de la Unidad en averiguación de los hechos y Mr. Monch le ratificó la orden que había dado para evitar que se siguiera vendiendo esa fruta. Los finqueros por su parte han venido a quejarse a los representantes que les compran la fruta y éstos a su vez se han dirigido al señor presidente de la República en solicitud de que intervenga en esta nueva dificultad que pone la compañía para la venta de la fruta que se está perdiendo en los bananales y que pudiera mejorar las condiciones económicas de la población de esta provincia.

Como dijimos antes, no sabemos qué razones tenga el señor Monch para dar las instrucciones dichas, pero es necesaria la intervención del Gobierno a fin de solucionar esta dificultad.

Cualquier otra información que podamos adquirir la transmitiremos a nuestros lectores por estimar que es de sumo interés para nosotros.

La señora doña Lia M. de Montero, actual directora del Colegio de segunda enseñanza en esta ciudad y profesora titulada de inglés, ha abierto un curso nocturno para enseñar el inglés según sus sistemas acertados y fáciles aplicados en los colegios de San José.

Dicho curso nocturno está funcionando en la Escuela de Varones las noches de los días lunes, martes, miércoles, jueves y viernes de cada semana, a las 7 de la noche.

Para aprovechar mejor el tiempo con los que ya tienen

nociones del idioma inglés, la profesora Madrigal de Montero hará secciones de acuerdo con la preparación de cada individuo.

La suma que cobra por mes es casi insignificante, pues es solamente de doce colones pagaderos por quince días adelantados. El que esto escribe ha asistido a las primeras lecciones y puede recomendarlos como productivos y fáciles de entender, ya que los libros de texto que la profesora utiliza, son una gran ayuda para los buenos fines que se propone.

A PARTIR DEL PRIMERO DE ESTE MES ES OBLIGATORIO EL COBRO DEL IMPUESTO DE UN TIMBRE EN CADA CUENTA QUE PAGUEN LAS MUNICIPALIDADES

Este timbre es para engrosar las entradas de la Caja Costarricense del Seguro Social, y sobre este punto la Municipalidad de Limón plantea al Ejecutivo su posición, por cuanto no ha extendido sus beneficios a la Caja, en aquella provincia

El señor gobernador de Limón, como Ejecutivo Municipal, ha enviado una comunicación al Poder Ejecutivo, para hacerle notar que a partir del primero del presente mes de abril, entra en vigencia el decreto del Congreso N° 14 de 11 de marzo de este año, relacionado con el timbre que

debe ponerse a cada cuenta que paguen las Municipalidades por cualquier concepto.

Pero advierte al mismo tiempo el citado señor Gobernador de Limón, que desea saber concretamente si esa Municipalidad está obligada a cumplir tal decreto, ya que los be-

neficios de la ley que creó la Caja del Seguro Social no han entrado en vigor en dicha provincia.

La Secretaría de Gobernación transcribió la nota del señor Gobernador al gerente del Seguro Social, para que informe al respecto.

LA BANDA MILITAR OFRECE UN HOMENAJE A LAS MUNICIPALIDADES ENTRANTE Y SALIENTE

Para su publicación hemos recibido la siguiente nota:

Limón, Abril 18 de 1944.

Honorable Corporación Municipal, saliente y entrante:

Muy respetuosamente quiero manifestar a ustedes que el cuerpo de Banda Militar con su Director, ofrece a ustedes un concierto de gala para el día 30 del presente mes en el Balneario Municipal, a las 8 de la noche, demostrándoles con este gesto, su profundo agradecimiento por su constante preocupación y ayuda a este personal.

Creo haber llenado mi propósito para despedir a los que se van y recibir a los que vienen.

Señores Municipales: El que suscribe como viejo sabedor de que las municipalidades habidas y por haber en esta (capital de provincia) siempre han tenido ese desprendimiento como estímulo para su Banda. Os pido que aceptéis este sencillo homenaje como hombres comprensivos y que entre vosotros hoy un "músico". Me refiero a don Alfonso Solé Lipa.

He escogido un programa de música clásica de los compositores más renombrados:

EL INGENIERO DON ROGELIO PARDO ENVIA UN DONATIVO DE CIEN COLONES A LA JUNTA ADMINISTRATIVA DE LA ESCUELA COMPLEMENTARIA DE SEGUNDA ENSEÑANZA

La Junta Administrativa de la Escuela Complementaria de Segunda Enseñanza ha recibido una grata sorpresa. El ingeniero don Rogelio Pardo, ha enviado a la junta un donativo de CIEN COLONES para que sea usado en la compra de material escolar de esa escuela que estima de absoluta

necesidad para Limón.

El gesto del señor Pardo es tanto más de agradecerse, por cuanto no tiene en la escuela familiares de ninguna clase, ni otro interés que el de ayudar a desarrollo de la escuela. LA VOZ ATLANTICA se complace en hacer pública esta generosa ayuda y estima en todo lo que vale.

Bombas en Paracaídas

Bombarderos medianos del ejército de los Estados Unidos en audaz ataque de sorpresa a un aeródromo japonés del suroeste del Pacífico. Las bombas de acción retardada se lanzan en paracaídas para permitir a los atacantes, que vuelan muy bajo, alejarse antes de que la explosión haga saltar en pavezas los aviones que están en el suelo. Las nubes de humo indican los lugares donde las bombas han estallado.

DE SAN JOSE

Regresó de San José después de algunos días pasados en la capital doña Anita Cantillano de Tace.

DE TURRIALBA

Estuvo en Turrialba, en viaje de recreo don Guillermo Oreamuno.

DE 25 MILLAS

Procedente de Veinticinco Millas estuvo en días pasados don José Chaves.

DE CARTAGO

Regresó de Cartago donde estuvo pocos días doña Trina Amador.

DE SAN JOSE

Después de una larga temporada en San José, regresaron la semana pasada don Amlia Escalante de Espinach y sus hijos las señoritas Nidia y Lidia.

RESTABLECIDO

Se encuentra completamente restablecido don Abel Rojas Fernández. Mucho nos alegramos.

DE SAN JOSE

Se encuentran entre nosotros procedente de San José doña Marta Pacheco Vada de Villalobos.

CARTAGO TRES - BARCELONA 2 - FUE EL SCORE DEL DOMINGO

El juego realizado el domingo entre los equipos Cartago y Barcelona, ambos equipos de primeras divisiones, resultó un magnífico partido que dejó muy complacida a la afición limonense. El Barcelona, una vez más se clasificó como un campeón que se enfrenta a otro campeón. Tal vez en calidad hubo mejor quilataje en los cartagineses, pero en cuanto a coraje, los nuestros les igualaron y si el score nos fue adverso, eso lo achacamos a cosas del juego, ya que alguno tenía que ganar. Reconocemos que el Cartaginés juega más y con mejor entendimiento, ya que es un equipo de primeras divisiones en el interior y con eso queda dicho todo; pero debemos ser sinceros y reconocerle al Barcelona que jugó tanto como su adversario aunque otras circunstancias le impidieran adjudicarse el triunfo. El score de dos a tres indica que las acciones corrieron parejas. Pepe se clasificó esta tarde como un magnífico portero y hasta tuvimos oportunidad de oír favorables comentarios de su actuación de parte de los visitantes. Las defensas no estuvieron malos y la delantera no dejó de esforzarse aunque la hemos visto actuar mejor otras veces. Notamos en el primer tiempo falta de entendimiento entre el nueve inter derecho y Tenorio, pero el error se enmendó en el segundo tiempo en que se lograron acoplar mejor y obtener más rendimiento. Los cartagineses estuvieron activos durante los noventa minutos. Nos lleva ventaja esa muchachada en el coraje que debido a su abundante energía mantiene todo el tiempo. El buen clima cartaginés y más que todo el entusiasmo de la juventud, hace que esa gente permanezca activa todo el tiempo. No podemos noso-

tro pedir eso a nuestros jugadores por varias circunstancias; primero porque este clima agota todas nuestras energías; segundo porque nuestros jugadores con muy pocas excepciones, amanecen en prangana el día que van a jugar y tercero porque el licor es el agua diaria en una gran mayoría y una vida desordenada no puede abundar en energías físicas. Sin comentarios, da lástima ver como en la plaza presenciando un juego jugadores jóvenes expresan con la frescura más grande de la tierra una botella de "lijaja" a vista y paciencia de los presentes. La traída de estos equipos como el Cartaginés, nos dejan mucha enseñanza y aunque sabemos de antemano que el triunfo no será nuestro, también estamos seguros de que una pérdida con un enemigo superior nos deja la lección para un nuevo encuentro. La colocación de las defensas, el cambio de puesto entre la línea de medios y aquellas, la posición de esas defensas cuando el guardameta está en apuros, la buena colocación de los delanteros, la actividad de un buen Half center y otras buenas jugadas producto del entrenamiento y la disciplina, nos enseñan más que cualquier seis a cero que podríamos anotarle

a un equipo de mala calidad. La jugada sobresaliente de este partido fue un trombudo chut hecho por Janson, que fue magistralmente apañado por Jiménez. Coeste apañe solamente basta para comprender la clase de guardameta que tiene Cartaginés.

Cariari tres Cartago dos fue el score de los juveniles

Muy interesante resultó el juego de la mañana entre los juveniles de Cariari y el Cariari. Hubo emoción y se hizo derroche de coraje y decisión, sobre todo en el último tiempo en que ambos permanecían empatados. Ayudó bastante al Cariari delantero Ulloa, sobre todo al finalizar el partido que fue cuando puso más interés en el juego. Debido a la efectividad del portero de Cartago, fue que el score subió más en favor del Cariari, ya que este equipo local presionó todo el tiempo dando mejor rendimiento. Los del Cariari atienden a sus amigos de Cartago la refresquería de Coward donde departieron un larguísimo rato en camaradería y asistieron a sus respectivos dirigentes.

Entre los del Cariari sobresalieron los dos Ulloa, Baltos y Hazei por sus oportunas intervenciones y sus ciertos tiros al marco.

EL "JUPITER" EL SABADO ENTRANTE PARA GUAPILES

El sábado entrante salen por Guápiles los muchachos del Júpiter. Han sido invitados por los muchachos de Guápiles a fin de realizar un partido de futbol y un match de billar.

Lleva el Júpiter cinco billaristas de su propio Club que han estado entrenando a fin de poder hacer un buen partido con los billaristas de Guápiles. Lleva el Júpiter además una orquesta de Limón para realizar baile el sábado y el domingo, ya que el regreso lo harán el lunes 1º de mayo, que es feriado. Un estimable grupo de señoritas en compañía de la madrina del Club, Srta. Marjorie Hayling acompañarán a los futbolistas.

Sabemos que el espíritu deportivo de la mujer guapiense es templado y que cuando uno de sus jugadores anota un tanto es alzado en hombros por la afición femenina. Este ali ciente es el que posiblemente quieren contrarrestar los de la V. o talvez a el de dar mayor coraje a los jugadores al ser alentados en patio ajeno

por el grito de entusiasmo de sus voces femeninas. Habrá mejor aliciente? Nos parece que no! De esta gira deportiva informaremos detalladamente a nuestro regreso.

En su ayuda al comercio, ruegole no olvidar la Cafeteria "LA MAGNOLIA" — 60 varas Norte del Correo. — Abierta toda la noche. — VISITENOS.

NOTAS EDITORIALES

A PROPOSITO DE UN POSIBLE NOMBRAMIENTO

De fuente que nos merece entero crédito, nos ha legado la noticia de que será designado para el cargo de Segundo Comandante de Plaza y Policía de esta ciudad, el caballero don Horacio Tasies Piñeiro, en sustitución del Coronel Rodríguez quien ha sido trasladado a Sixaola a un alto puesto.

Esta noticia, de ser cierta, tiene que ser muy grata para los limonenses. El señor Tasies es un viejo amigo de Limón. Aquí vive hace más de veinte años. De lealtad absoluta para el Partido Republicano Nacional, de indiscutible capacidad para el cargo y de un completo conocimiento del medio ambiente en que ha de moverse, ninguna designación puede ser más atinada que esta.

Pero, aparte del acierto que el nombramiento supone, por las capacidades y la honorabilidad del señor Tasies, es también un acto de justicia para los limonenses. Ello supone que el gobierno del licenciado Picado desarrollará un plan de administración en que habrá justicia y consecuencia política. Designar para los cargos administrativos en cada ciudad a personas radicadas en ellas.

Limón ha sido siempre el lugar de turismo de los empleados públicos. Aquí llegan de todas las otras provincias los funcionarios del gobierno a pasarse cuatro años de agradable veraneo, sin otra impedimenta que una valija y un pase de regreso. Algunos muy pocos se han quedado. Pero la inmensa mayoría pasaron por muchas altas posiciones sin interés y sin cariño por la provincia, indiferentes a todo problema. Y ese ir y venir de altos empleados es lo que ha hecho de Limón un pueblo de gigantes sin arraigo efectivo.

Muchísimos elementos de esos que pasaron por aquí en el curso de trienat años, se habrían quedado entre nosotros y serían ahora limonenses si los vaivenes políticos no los hubieran trasladado o destituido.

Si el nombramiento del señor Tasies, es el principio de esta nueva política de designar los empleados públicos entre los propios habitantes de cada lugar, habrá hecho el nuevo gobierno una labor meritoria. No es política de campenarismo ni provincialismo interesado, es justicia y deseo de estabilidad en una población que bien lo necesita.

INCOMPRESION O MERCANTILISMO??

El comercio de Tiendas y Zapaterías de esta Ciudad se ha unido de esta vez, al igual que el de San José con el fin de seguir cerrando sus puertas en lo sucesivo a las seis de la tarde en punto; aboliendo de esta manera la vieja costumbre de mantener abiertos esos establecimientos hasta altas horas de la noche. Este acuerdo al que han llegado una gran mayoría de propietarios tiende a dar libertad en las horas nocturnas a los empleados además de que sirve a los patronos de descanso a sus quehaceres.

Pero como todo no ha de ser completo en la vida, algunos dueños de negocio que tienen el egoísmo muy arraigado en todo su ser se han dado a la tarea de sabotear el paso avanzado que ha dado el comercio en referencia, aun sin respetar siquiera el código del trabajo que en beneficio de los empleados ha promulgado el soberano con-

greso. Incomprensión dicen que es la idea de oposición de estos señores al cierre. Nosotros lo llamamos por su verdadero nombre — Mercantilismo — pues que si el comercio de Tiendas y Zapaterías en su totalidad cierra sus puertas a la misma hora las ventas no pueden desmejorar para nadie ya que el público se llegará a acostumbrar a verificar sus compras durante las horas del día.

Esto es una verdad ya probada en muchas ocasiones y en varias partes de la República pero, lo que sí es indis-

cutible es que los señores a quienes hacer su agosto a costillas del cierre de los que han procedido de buena fe.

El cliente debe de cooperar con los señores comerciantes que cierran sus puertas a las seis de la tarde.

Los consumidores no deben de comprar de noche porque el comerciante que abre de noche no tiene escrúpulos para sacrificar a sus empleados, nosotros los empleados, nosotros los empleados de comercio les pedimos su ayuda.

Labores Municipales

(Continúa del 15 de Abril)

Por lo demás, las becas municipales y del Estado, apenas favorecen a un reducido número de personas y el año pasado concluyeron sus estudios primarios alrededor de sesenta jóvenes y el año anterior un número semejante. También se observa que una de las principales razones por las que muchas familias dejan la ciudad y se arraigan en la provincia, es la falta de una institución como la que se trata de establecer. Sigue diciendo el Regidor Solé, que en casita todas las capitales de provincia existe colegio de segunda enseñanza y en algunas, como Puntarenas, ayudo económicamente por la Municipalidad. Atenas, que no es capital de provincia, lo tiene desde este año y Limón, que tan alejada queda de las ciudades que disfrutan de esa ventaja, lo necesita con mayor urgencia y la Municipalidad está llamada a velar por la enseñanza y contribuir dándole el apoyo moral, intelectual y material que se solicita. Para realizar tan laudable proyecto, la comisión, por su medio, propone y recomienda un plan que consiste en integrar una junta administrativa, que organizará la institución y un aporte en efectivo de la Corporación. La junta solicitará la cooperación del Estado, por medio de la Secretaría respectiva así como otro aporte económico y que la institución sea declarada oficial. Además, la Junta resolverá los demás aspectos de organización. Se pretende que este año empiece con un primer curso y se aumente progresivamente, pero que todo eso de inmediato pa-

ra que inicie sus labores el primero de Abril entrante. De sea el Regidor Solé dejar constancia, en nombre de la comisión, de que no se trata de liquidar la escuela de comercio que actualmente existe. En su calidad de Regidor Municipal, el señor Solé hizo la siguiente moción: La Corporación haciéndose eco de lo que la mayoría de los limonenses desea, ACUERDA: 1) Establecer un Colegio de Segunda Enseñanza en Limón. 2) Para cooperar en el desarrollo de ese centro y mientras las condiciones fiscales no permitan un desembolso mayor, votar quinientos colones mensuales para auxiliarlo. 3) Solicitar a la Secretaría de Educación Pública le de su apoyo moral y material, declarándolo institución oficial. 4) Debiendo regirse el colegio, como los similares del país, por una Junta Administrativa y a fin de que en su integración intervenga el Estado, por medio de la Secretaría Respectiva, la Junta de Educación de esta ciudad y la Corporación Municipal, se sugiere sea integrada así: Un miembro propietario y un suplente, nombrados por la Secretaría de Educación Pública. Dicho miembro propietario tendrá la representación de la Secretaría en el seno de la Junta. Dos miembros propietarios y un suplente nombrados por la Junta de Educación de Limón. Dos miembros propietarios y un suplente nombrados por la Corporación Municipal. Uno de ellos será necesariamente un regidor. El cargo será honorífico y durará dos años. 5) A fin de que pueda realizarse este proyecto a la mayor brevedad, se excita a la Secretaría de Edu-

cación y Junta de Educación para que procedan inmediatamente a nombrar los miembros que integrarán la Junta. La moción del Regidor Solé fué aprobada por unanimidad y definitivamente. Con relación a este asunto, el señor presidente municipal envió a nota que se dispuso insertar íntegramente en el acta, la que fué leída antes de votarse la moción anterior y dice: "Limón, marzo 16 de 1943. Señor don Alfonso Solé, Vice presidente municipal. Ciudad. Muy estimado amigo: No udiendo asistir a la sesión de esta noche y siendo mi deseo el de cooperar en esta ciudad, quiero de usted y mis compañeros conozcan mi criterio al respecto. No ignoro, como creo que tampoco lo desconoce la mayoría de la población, que el problema que hoy confronta nuestra juventud, es demasiado serio: sólo los hijos de los ricos pueden realizar estudios secundarios. Y es mi deseo, como el de todos ustedes, que ricos y pobres tengan las mismas oportunidades de estudiar y formar así los hombres y las mujeres del mañana, sobre los cuales descansará el porvenir de la patria. Como ciudadano aplaudo el proyecto que ustedes discutieron esta noche y como representante de la comunidad ante esa corporación mi voto—de poder asistir—será favorable. Pero ya que con todo sentimiento no me es posible esa asistencia, siquiera conozcan ustedes mi manera de pensar. Cualquier disposición encaminada al logro de ese colegio y cualquier erogación que haya que hacer, contará con todo mi apoyo. Le ruego informarlo así. Su afectísimo, amigo (f) Fulgencia

Campos S." El Regidor Solé entregó a la Secretaría, para su lectura la siguiente nota: PARTICULAR: Mayo 8 de 1943. Señor Licenciado don Luis Demetrio Tinoco, Secretario de Educación Pública, San José. Muy estimado señor Secretario. Comisionado por mis compañeros de municipalidad don Fulgencio y don Alfonso Solé con nuestra reciente conversación, tengo el honor de remitirle adjunto los acuerdos tomados por esta Corporación en relación con el tan ansiado y necesario colegio de segunda enseñanza en la provincia de Limón. No dudo de que usted, que tantas pruebas ha dado en favor de nuestra enseñanza en general, nos brindará todo el apoyo necesario para que este colegio pueda iniciar sus labores en el próximo curso lectivo. Aprovecho la oportunidad para reiterar a usted en nombre de mis compañeros y en el mío propio, nuestro más sincero agradecimiento por la forma tan gentil con que nos oyó y atendió. Salud;ndolo

muy cordialmente, me suscribo su atento servidor y amigo, (f) Alfonso Solé L." Manifestó el regidor Solé que ha solicitado la lectura de esas piezas para recordar que la Municipalidad y los Regidores han cooperado en las gestiones tendiente y al establecimiento de un colegio de segunda enseñanza en la ciudad y lamenta que sea un empleado municipal el que olvide o ignore esas gestiones. Manifestó el señor Arrázola que al hacer la publicación que apareció en su periódica La Voz Atlántica, no citó al municipio por desconocer esas gestiones así como la nota del regidor Solé al señor Secretario de Educación, pero que por su olvido pide excusas y con gusto publicará todo en sección preferente en su semanario. A iniciativa del regidor Espinosa se acordó: Publicar en la sección de La Voz Atlántica que para la Corporación, los documentos leídos.

A las 20 horas y 50 minutos terminó la sesión.

WOMAN DEFIES ENEMY BULLETS

An English nurse, the only woman in the epic stand made by French troops at Bir Hakeim, North Africa, was responsible for Free French General Koening reaching the safety of the Allied lines. She is said to have defied enemy snipers as their bullets tore through the car in which she drove the General. When they alighted, after the night mare drive, they counted eleven bullet holes in the car. Nobody quite knows, of course, how she managed it, but the ordeal she endured must have been terrific. For the part she played in the Bir Hakeim

action she was awarded the "Croix de Guerre" and also given the Colonial Medal. Nurse Travers was recently asked to be an honorary corporal of the French Legion—a compliment not often bestowed on women. When the war broke out, she was staying in France so joined a French Ambulance unit. She has been to Finland, Daker, Eritrea and Syria with the Fighting French and is still in North Africa.

NOTAS DE LA REPUBLICA DE NICARAGUA

A las nueve de la mañana del 22 de febrero de 1944, salieron de Managua con rumbo al Departamento de Boaco el Sr. Presidente de la República y su señora esposa doña Salvadorita O. de Somoza. Les acompañaban en esta nueva jira de acercamiento democrático, miembros del cuerpo Diplomático, altos funcionarios del Estado, militares, el cuerpo de Cadetes, representantes de los diarios de Managua y amigos personales de Su Excelencia.

Al paso por Teustepe de los distinguidos viajeros, el pueblo les tributó un cálido homenaje de adhesión y simpatía. Don Guillermo Gutiérrez saludó al señor Presidente Somoza, en representación del Liberalismo de aquella localidad y en la casa del Ayuntamiento fué ofrecida una copa de champán.

"El General Somoza— se dijo en uno de los discursos— es el primer Presidente Liberal que ha llegado a Teustepe para ayudarnos en nuestro resurgimiento". Contestó el señor Presidente, con franqueza, en nombre suyo y de su digna compañera. En su corta permanencia en Teustepe, el señor Presidente dejó una huella luminosa. Ya tendrá techo propio esta "ciudad de auroras"— dijo cuando entregó al Señor Alcalde Municipal una casa propia para que funcione la escuela de la población, cuya compra terminó durante su visita.

Reanudada la marcha llegó el Señor Presidente y su comitiva a Boaco. Una caballería de tres mil montados esperaba y el Señor Presidente bajó de su automóvil para montar un brioso corcel, y le hizo a Boaco su entrada imponente y conquistadora.

Las casas embanderadas, los arcos triunfales con expresivas leyendas, la muchedumbre que invadía las calles para aclamar al Mandatario, los tipos de damas que ponían una nota romántica desde los balcones con flores, daban a la ciudad un aspecto de fiesta y entusiasmo. Frente a la primera casa de la ciudad la muchacha del pueblo se adelantó para entregar al presidente un ramo de rosas.

Durante el curso de la manifestación se pronunciaron discursos para saludar al Mandatario, militando todos bajo un amplio sentido liberal y lealtad política y personal general Somoza.

Contestó el Mandatario en un discurso improvisado, interrumpido continuamente por aplausos y vivas. Admiró— dijo— a los pueblos como Boaco, cuya vida

se ha ido construyendo en el esfuerzo constante del trabajo honrado y siempre estará atento a impulsar su progreso como una obligación de Gobernante y como una expresión sentimental de hombre". "Boaco era antes una trinchera del Conservatismo, pero ha sido conquistado por el ideal del Liberalismo, en su anhelo de redención nacional".

Boaco fué un solo espíritu en su favor patriótico hacia el Mandatario Liberal. Hospedados el Señor Presidente y su señora esposa en la casa del diputado don Juan B. Morales, todas las horas libres del programa estuvieron rodeados de amigos de la ciudad y de la comprensión departamental que acudían a tributarle su cariño.

A medio día del 23 el Señor Presidente y su señora visitaron a doña Onés Incer, viuda del Coronel Salvador Barquero, líder por más de 20 años de las luchas liberales y participante en los trabajos de reincorporación de la Mosquitia.

El banquete ofrecido al excelentísimo señor Presidente Somoza por el Liberalismo de Boaco, constituyó un acontecimiento político de trascendentes contornos. Estuvo la palabra oficial a cargo del distinguido y joven abogado doctor Juan José Morales Marenco y también pronunciaron discursos los señores José Martínez, Emilio Sobalvarro, Alfonso Cortés, Francisco Salinas y el Gral. J. Alejandro Páez Romero, representando a los liberales de San Lorenzo, Santa Lucía y San José de los Remates.

En el mismo acto el Frente Obrero Liberal impuso al Sr. Presidente una medalla de Oro como reconocimiento del "liberalismo al Presidente" que se ha preocupado más por la cultura de los trabajadores.

El Dr. Antonio Barquero historió las luchas del liberalismo en Boaco cuando hace catorce años unos pocos sostenían la insignia roja, que es ahora la bandera de millares de ciudadanos que la siguen con el general Somoza a la cabeza. El Dr. Gerónimo Ramírez Brown hizo la glosa admi-

Dé muestra de su Buen Gusto fumando Ticos

"EL CIGARRILLO MODERNO"

nistrativa del actual régimen y el Dr. Anibal García Largaespada aludió a la eficacia del presidente Somoza para enfrentarse con los problemas nacionales.

La contestación del Sr. Presidente hirió temas fundamentales de la hora y de la vida nacional. El liberalismo unido y fuerte — expresó — en la lucha y la esperanza, es invencible.

Lejos de gastarse en el ejercicio del poder, cada día proyecta con mayor fuerza en la realidad nicaraguense su ideología política, y son más profundas sus raíces en la conciencia del pueblo.

Escuelas, carreteras, caminos, hospitales, edificios públicos, protección a la agricultura y a las industrias, libertad en todas sus dimensiones, son los hechos administrativos que confunden la bandera li-

beral con la bandera de Nicaragua.

Me llena de satisfacción— agregó— la presencia en esta fiesta digna de Boaco, de obreros y hombres del campo. Es

COSTA RICA'S PRESIDENT ELECT GOES ON VISIT TO CANAL ZONE AND WASHINGTON

During the earlier forenoon hours of last Thursday, Costa Rica's President Elect, Lic. don Teodoro Picado, left by special air transportation for the Canal Zone where he will be the guest of General Brett, the Officer in Command of the Canal Defences. It is expected that don

Teodoro will leave the Zone today for the United States of America, where he will be entertained at the White House in Washington as the guest of President Roosevelt. He will be accompanied by his brother don Rene Picado, and expects to be again in Costa Rica on the 27th instant.

SOVIETS NEAR FINAL VICTORY IN CRIMEA

The Germans are reported fighting desperately on both extremes of the vast southern front in Russia. The Soviets have broken the first line of fortifications which

guard Sebastopol and forced the Germans and Rumanians to retire further inland.

Large formations of the Soviet air service maintain continuous activities over the strategic position and along the routes giving access to the Black Sea. They are also effectively operating on the Rumanian littoral with the object of destroying the ships intended for Nazi evacuation. The forces under General Tolbukhin who hold the heights entirely dominate, we are told, the city, while those under General Yermenko are approaching from the southeast and have reached a point a little more than six kilometers of the stronghold. The enemy is resisting fiercely though it is felt without the slightest chance of success.

Fierce fighting is also reported in progress in Poland, where the Nazis have been counter-attacking southeast of the city of Stanislanov in an effort to save the vitally important base of Lwow, and place a check on the Russian advance westward.

Thirteen large German destroyed off this base during Thursday sunk in the Bay of Sebastopol; this gives a total of 50 enemy naval units destroyed off this base during the past two weeks.

SINGAPUR THREATENED

The information has been released by the British Admiralty that during the early morning hours of last Wednesday, Allied naval air units bombarded the Japanese base of Sabang located north of Sumatra and in the vicinity of the strategic stronghold of Singapur now held by the Japanese.

The attack was such a surprise for the Japs. that the base was converted into a heap of destroyed planes and ruined fortifications. It is es-

Nothing confers so much ability to resist the temptations which perpetually surround us as an habitual consideration of the shortness of life. and the uncertainty of the pleasures that solicit our pursuit. If our present state were one continued succession of delights or a uniform flow of tranquility, we would never willingly think upon its end.

ONCE AGAIN THE CRY

Our attention has again been called to the serious difficulties being experienced by the people who, fortunately or unfortunately, reside in the very industrious district served by the Limon - Zent branch line of the Northern Rail way Company.

We have been assured that the recent changes effected in the stopping points of the passenger and freight combination, which daily traverse this section of the Company's service, is seriously prejudicing the general interests of these people, the large majority of whom are struggling farmers. The cancelling of many of the former stops now compels shippers to transport their goods over inconvenient distances under all weather conditions and subjected to a number of mishaps. It also forces them to traverse the intervening mile or more, on foot, under a piping sun or heavy showers of rain to effect personal entrainment to attend matters of vital importance or to secure medical attention for a sick relative.

May we again direct the attention of the Company's Management to these hardships which face a very appreciable and hard working number of our people and the travelling public, with the sincere hope the matter will be accorded such further consideration as will bring about the greatest good for the greatest number.

JAPANESE INITIATE FURTHER OFFENSIVE IN CENTRAL CHINA

The Japanese have started their expected offensive in Central China with an attack against the Chinese forces in the sector of Chungmow, in the province of Honan. The object of the movement is said to be for the purpose of securing control of the railways systems.

Chinese reports declare that after receiving large reinforcements the enemy

troops crossed the inundated region by three distinct routes and engaged their men in fierce fighting in the region of Paisha. The counter-attacks of the Chinese in Chonmow is stated to have caused the enemy considerable losses.

The Japanese advance has reached a point about 20 kilometers southeast of Chenchow, where violent fighting is in progress.

TERRIFIC AIR RAIDS OVER GERMANY AND NA OCCUPIED TERRITORYSINGAPUR THREATENED

The reports reachings us daily, tell of incessant and terrific attacks by the aerial divisions of the Allied forces military and industrial aeries under Nazi control.

Since Tuesday of the pre- have been discharged by not less than 9 000 planes of the British and North American forces over aviation factories, aerodromes, important communicating systems of the Reich and with elsethorth with dire effect.

The raid over Paris on the same night of Tuesday last is said to have caused the deaths of 640 persons and injuries to 1,700. In the noted city of Rouen 120 persons were killed, hundreds injured and thousands of houses destroyed. Many of the city's famous buildings of gothic construction were also destroyed including the famed cothedral. The historic market square

where Joan of Arc was burned was also among the ruined places.

The enemy aerodrome at Maleme in Crete also suffered heavily from an attack by bombers piloted by South Americans during the daylight last Wednesday.

A record force of more than 1,000 British bombers raised numerous important objectives from the coast of France to the heart of Germany last Thursday night. The enemy's lines of communications in south Italy were also hard hit.

estimated that no less than 22 of their machines were destroyed, and wharves, electrical installations and other important constructions laid in ruins.

CROWNING OF THE EASTER QUEEN

With lights dimmed by the shade of the arches of palm fronds, which formed the main decorative feature of the Royal Court, which also had a canopy of tissue draperies, the scene, in conjunction with the crowning of the Easter Queen of the Eagle Aces Friendly Club, was presented in the Hall of the St. Mark's Parish last Saturday night.

Occupying their respective positions in the ensemble were — Colonel Enrique Esquivel, our distinguished Commander of Police, and the Princesses Verna Cole, Enid Grant and Lurline Dixon. At the hour of ten Mr. Jos. A. Thomas, Master of Ceremonies, announced the arrival of her Majesty. The throng stood in homage as she entered, gorgeously gowned and

carrying a beautiful bouquet with rich aroma while Professor Lebert Brown and his Swingsters played the Republic's National Anthem.

At the close of the opening remarks by the Master of Ceremonies, Colonel Esquivel, with elegance and characteristic attraction, effected the coronation amid rousing cheers. With the Colonel as her partner, Her Majesty then took the floor in an enchanting waltz; after which she was presented with an eloquent address and lovely floral tribute by Miss Margaret Dawkins, the Secretary of the Women's Life Problem Club, which was attractively identified among the invitees. Following this act, the orchestra dished out a "Sanding Number," and the scene changed when Presidents George Babb and Stephen Maintland and Secretaries Clarence Edwards and Stanley Wade gracefully tripped a measure with the Queen and her Princesses.

A group photograph of the Court with the members of the Eagle Aces, the charmingly attired ladies of the Life Problem and the members of the orchestra was taken by Mr. John Babb. The Table Service was efficiently and gratifyingly attended to by Sydney Walters and President Babb. The party continued until the wee hours of the morning.

AT THE HAPPY LANDING

Believing as we firmly do in the old maxim that the proof of the quality of the "Pie" lies in its taste guided by a charming aviatrix, we spinned the loop a few evenings ago, and found ourselves

at the "Happy Landing", located north of the Costa Ricaoda Water Factory. There, we discovered the "Cool Spot", with a setting of rare attraction and much comfort.

Believe it, dear reader, when at the "Happy Landing" a never-to-leave feeling takes hold of one, and this is greatly encouraged by the extremely reasonable charges made for the Frescos and large variety of Pastries, which bring them within the measurement of the shallowest pocket. A gentleman, whose veracity one would not doubt, has stated that the "Chicken" Menu at the "Happy Landing" on Saturday nights is highly delicious and that the service is filling a long felt want among the citizenry of respectability and good taste.

GOES BACK TO MISSION WORK

After completing her stay of several weeks among us, as the house guest of Mrs. Jessie Wright, Limon's highly regarded friend and regular visitor, Miss A. Ogilvie, left on last Wednesday's air transportation, to Sixaola to continue the work in which she has dedicated her life: the spreading of the Gospel of Christ among the Indians domiciled in that region.

Folk of the city, Lines and Coast! Without your support we shall be knocked out. Please support us — eat and drink at "LA MAGNOLIA" — Dixon's little place West of the city Market!

FOR SALE

A Titled Property containing Forty (40) hectareas of land.

The cultivated areas consist of 5.85 hectareas of well planted two years-old CACAO — 5.17 hectareas in good bearing condition and, in addition two and a half (2-1/2) hectareas with bearing cacao in need of cleaning. A four apartment building equipped with kitchens, a Barbecue and other home conveniences. The Property is situated in the vicinity of Santa Maria at 15-1/2 miles.

For further particulars apply.

A CHEERFUL EVENING AT SALVATION ARMY HALL

The Hall of the Salvation Army in this city, was again ablaze with a literary fire on the night of the fifth of the month in course — the day which, coincidentally, registered the fifth anniversary of the Home League.

a splendid address. The Misses J. Gaynor, W. Dawkins and R. Mc Sam, and Mrs. R. Henry were among the soloists. Several well rendered recitations and duets were also contributed.

The singing of the soul-bedded hymn "Onward Christian Soldiers" effected the opening of the entertainment. Major Lynch offered prayer and Mrs. Roper read the scripture lesson. Impressively Mrs. Lynch, President of the Unit, introduced Mrs. Stanley Blake and placed her in charge of the evening's function. Very efficiently did the honoree preside over the assignment.

MARRIAGE OF TWO YOUNG LIMONENSES

Miss Mary Lapsley, daughter of the late Mr. William Lapsley of the ill-fated San Pablo, and Miss Edith Cornwall, became the wife of Mr. William Davis, son of Mr. James Davis and Mrs. H. Francis by virtue of the civil ceremony performed by our widely regarded Governor, don Abel Robles, on the 14th instant. The ceremony was witnessed by Messrs. Francismo Camoja, Matamoroso So lano and José Garrito.

The address of welcome was extended by Miss R. Mc Sam. The Home League Brigade effected the singing of the choruses "A Sunny Smile" and "Swing Wide those Gates". The report covering the year's operations furnished proof of the splendid accomplishment of the personnel of the organization. It was submitted by the Assistant Secretary, Mrs. H. Brown. The Methodist Women's League, The Mothers' Union and Philharmonic Choir of St. Mark's were respectively represented. Miss L. Francis contributed

A gala reception was held at the residence of the newly weds during the evening of the day of their marriage, and was graced with the presence of their relatives intimate friends and other well wishers. An appetizing supper was served, accompanied by high grade beverages. The toasts to the contracting parties were full of flavour. We tender our congrats to our young citizens, and trust they will be the recipients of many divine blessings.

HAPPY LANDING

It's the "LANDING" Boys and Girls where you will be served your Frescos — a variety of delicious Pastries — Chicken Orders on Saturday Nights.

YOUNG OSCAR HALL DROWNED IN CANAL IN ABACA DISTRICT

The very regrettable information is to hand that Oscar, the eight year old son of our very widely known citizen, Mr. Amos Hall, lost his tender life, by drowning, on Tuesday of last week, just seven days after he had completed his eighth anniversary.

It is stated the boy was returning a vacation with a relative of his mother, some where around the 25 Miles ca, and was taken with other juniors, on a fishing engagement by a female adult, along the canal constructed in connection with the Abaca production. A woman is said to have

left the children to themselves while occupied in her search for fish, and that Oscar, somehow, fell into the water in the ditch, at a time when there was none near go to go to his rescue; all his two small companions could do was to feebly call for help. On the unfortunate occurrence becoming known, a search party went on the scene, but the body was not recovered until about nine o'clock on the following morning. Interment was effected at the Matina Cemetery.

The "Atlantic Voice" tenderers its deepest sympathy to the sorrowing parents and relatives.

LIFE PROBLEM CLUB EXTENDS BIRTHDAY TRIBUTE

It has been thoughtfully said that we should cultivate not only the cornfields, but also the pleasure grounds of the mind. In this connection we believe, too, that one should at least, each day be afforded the pleasure of listening to a song or a good poem and speaking words of congratulation to those who merit them.

The members of the Women's Life Problem Club are effecting a copious influx of these attributes in a most exalted manner. Among the many other things, it is prescribed on the agenda of the Club that on the birth anniversary of each component, some observation and recognition shall be extended. And so it happened, when the cycle of time brought that of the Rev. W. James Evans, the Rector of St. Mark's, who is, naturally, the head of all the Auxiliaries of the Church.

The Hall of the Parish was effectively adorned last Wednesday night and a scene presented which will not easily be forgotten. With exquisite fitness the Festive Board was set, and, entirely unaware of what was on foot, the Rector and Mrs. Evans were asked to visit the Hall at the hour of eight. As they entered, the lights were dimmed, Mr. Lesterene struck up on the piano, and all in the conspiracy joined in the Birthday greetings. The honourees we

re accompanied by their house guest, Major Blackburn, one of the Army Chaplains of the Canal Zone.

Rising, when all had been made ready, Mrs. Daysley, the President of the Club, explained the reason for the gathering and requested the writer to preside. The Birthday Cake, one of rich quality, was supported by a variety of good things, which were not only admirable but most satisfying. The central delicacy was cut by the Rector and Mrs. Evans. Miss Margaret Dawinsk, the Se-

cretary of the Club, presented the Gift, highly seasoned by an address. With marked emotion the recipient responded. Among those who brilliantly contributed their congratulations were — Major Blackburn, Messrs. J. N. Brotherton, W. Daysley, R. George, Mesdames A. Daysley, M. Brotherton, D. Gray, J. Wade, D. Gayle, R. Evans, H. Davis, A. Heron, Teresa Henry of Liverpool, A. Brown, L. Messam. A. Bailey and the Misses R. Barnes and V. Hanson.

MISS E. HILARION RECIPIENT OF BRITISH GIFT

It has been our privilege to see the splendid Gift recently added to the library of our widely regarded citizens, the Hilarion family. We learn it is the present of the British Legation in San Jose to Miss Emelina Hilarion in appreciation of the very praiseworthy result of her examination on completing her fourth year of studies at "La Colegio Superior de Señoritas" in the Capital.

The Present — a Book — is entitled "British Life and Thought", and facing the

preface is an illuminating group photograph of Their Majesties, King George and Queen Elizabeth and the Prime Minister, Winston Churchill. An illustrated map of the British Empire is attached in the inside of the rear cover. This is indeed a splendid token of honour and recognition of the educational advancement of our young Limonense; and for which we seize this opportunity to express our thanks to His Britannic Majesty's Representative with fervent congrats to the recipient.

Stand by us lest we fall — support us with your united strength Eat, and drink, day and night at LA MAGNOLIA Dixon's little place West of the city Market.

KEEPING FRESH ON MEMORY'S SHELF

On the morning of Wednesday the 12th, instant, fifteen days after she crossed into the Great Beyond, a service was celebrated in the Mark's Church in tribute to Mrs. Anna Weekes. It was

impressively conducted by Rector, the Rev. W. J. Evans.

The English Division of the Association of National Educators was well represented, and as an added acknowledgement of their departed

SEVERAL RECENT DEATHS

We have been given the information that the under-mentioned persons, who were associated with this section of the country, have died in the San Juan de Dios Hospital, San Jose.

Alfredo Sterling Doanal (Donald?), formerly of this city, a son of Heardon Sterling and 38 years of age. He entered the institution on the 23rd. June last year and died on the 31st. ultimo.

Jacinto Montero Falco, a former resident of Guacimo and 52 years old. He died on the 30th. of last month. He was a son of Antonio Montero Segura and Patronila Falco and entered the hospital of the 10th. February this year.

Mariana Gibson, who once resided in Siquirres and was of the age of 44 years. She died on the 24th. ultimo.

Juan Serrano Duran also late of Siquirres, the hus-

band of Angela Alvarado and 52 years old. He died on the 8th. of the current month.

Frederick Jones, formerly of the district of Cieneguita and 64 years of age. He entered the institution on the 1st. instant and died on the 7th.

A man, who also had resided in Cieneguita, and whose only name is given as "Nathaniel," died in the hospital on the 2nd. instant. He was admitted on the previous day. He is said to have been a native of Jamaica and 59 years old.

Paney (?) Brown Cowell, 31 years old, formerly of Liverpool and the wife of Herbert Brooks, She was born at Moin and the daughter of James Brown and Emily Cowell. She entered the institution on the 20th. ultimo and died on the 4th. of the present month.

The social atmosphere at Nine Miles was richly perfumed on Sunday the 16th. instant, when Mrs. J. E. Alberga attractively arranged her residence and assembled her associates and friends for the brilliant surprise party she tendered her husband who, on that day, reached the three score and ten years divinely prescribed as the life of man.

Business had necessitated Mr. Alberga going to Limon and so aided in keeping him in the dark regarding the preparations for the "Treat." On his return, he was encompassed by his family and their guests. His little five year old adopted son, Willie Bryan, added to his emotion, by his cute rendition of the opening remarks, interwoven with the birthday greetings. The "Tot", having accomplished his task, Mr. Sam Watson beneficently introduced Mr. D. P. Abbott of the Limon Seventh Day Adventist School, as Master of Ceremonies. The participants included many

BRITAIN'S AID TO U.S.A. UNDER REVERSE LEND - LEASE

Britain is reported to have spent more than \$ 526,170,000 on goods and services given the United States of America, under reverse lend-lease, during a period of eighteen months ending last December. This amount provided, we are told, a third of the supplies required by the American forces in the United Kingdom, thereby saving more than 1,360,000 ship tons.

In addition to this large-scale aid, which covered \$ 548,000,000 on constructions for the American troops, nearly \$ 700,000,000 on goods and services

transferred both within and out of Britain, as also \$ 1,000,000 on shipping services. reverse lent lease was possible for many comforts for individual American so while in camp or when on ve.

The cost of airfields and pots for the RAF represented about \$ 473,000,000, of which only \$ 40,000,000 will be the count of the United States quantity of construction material for the fields, hospitals, barracks, workshops, hotel offices built for the Americans represent 2,180,000 tons,

On the night of the 27th. ultimo, the home of Miss Ida Bennett at Old Harbou was the scene of a merry party among whom were the Sunday School Children and Teachers, to give a send-off to her daughter, Miss Violet Barnes, the Secretary of the School, who was leaving for Limon on vacation.

They very representative gathering gave proof of the high esteem held for Miss Barnes. The officers of the local English School Board, Mr. W. Rodman, President; Mr. S. Paddyfoot, Secretary; Mrs. Myrie, Treasurer, and Messers. J. Phillip and A. Davis, Trustees; also two visitors who were the guests of Mr. Phillips. They attended the Sunday School Anniversary. The evening's entertaining items were of a great variety. Daintily shod feet at times, moved to the rhythm of professor Dudley's Band, while, at others, the melodies of a noted song awoke memories of long ago. At the approach of the hour of parting over the glass of Nectar, the hostess was toasted for her faithful services and future success.

With thanks, Mr. Editor, for space,

BACKACHE GOES

when kidneys are active again!

If you suffer frequently from backache you can be fairly certain that Kidney Trouble is to blame. The kidneys are two of the hardest worked organs in your body. They act as the body's filters—preventing impurities and poisons from escaping into the blood.

Weak and sluggish kidneys cannot do this important job properly. Not until those kidneys are active again can you be certain of getting relief from aches and pains.

That is why De Witt's Kidney and Bladder Pills are prepared especially to act directly on the kidneys. Quick relief from backache follows the first dose for that very reason. Within 24 hours of your first dose, De Witt's Pills get to the source of your trouble—the kidneys. You will have positive, visible proof of this direct action.

Once in the kidneys, the beneficial ingredients in De Witt's Pills set to work—soothing inflammation, healing and restoring. At the same time, a remarkable internal antiseptic clears the kidneys of all clogging impurities and poisonous matter. In a very few days your kidneys are helped back to healthy activity again. Poisons and im-

purities are filtered out of the bloodstream. Your backache and joint pains quickly vanish.

If you suffer with backache—don't be content with half-measures. Get at the real cause of the trouble with De Witt's Pills and enjoy quick relief from those weakening, nagging attacks.

DeWitt's KIDNEY AND BLADDER Pills

Made especially to end the pain of Rheumatism, Backache, Lumbago, Joint Pains and all forms of Kidney Trouble. Of chemists and storekeepers everywhere.

GRATUITOUS BARBER SERVICE FOR POOR SCHOOL CHILDREN

Being convinced that an appreciable number of the children attending the government schools, throughout the country are unable, by reason of the very restricted economic conditions of their parents or guardians, to give full attention to their hygienic requirements, the Chief Executive has directed the establishment of a gratuitous Barber Service in con-

nection with the respective schools.

The necessary Decree was promulgated last Monday. We beg to tender our most respectful thanks to His Excellency the President of the Republic and His Minister of Education for this further display of sincere interest in the welfare of the poorest among their fellow nationals

CARTAGO FOOTERS WON CONTEST AGAINST BARCELONIANS

Both the condition of the playground and the prevailing temperature afforded an opportunity of witnessing a display of remarkable technique during last Sunday afternoon's foot ball contest between the Cartago and Barcelona Teams. The guests from the Republic's ancient Capital were accorded a spontaneous reception and the military Band was on hand to favour the exercise.

The splendid numerical support was highly colour-

ful and pleasingly harmonized with the festive season. Other than the marvellous attacking and counter-attacking by both sides, the Cartago's Goalie demonstrated great skill. The somewhat mysterious manner in which he blocked several well directed shots, by players on the home team, was a salvation for his side. It was a well contested match, and though the Limon team could only muster two goals against the three by the visitors, all remains well at home.

DEAN HUGHES ELECTED BISHOP OF HONDURAS

We quote the following from the "Clarion" of British Honduras as condensed from the Georgetown "Argosy".

The Archbishop and Bishops of the Province of the West Indies have elected the Very Reverend William James Hughes, Dean of Georgetown, to the See of Honduras, vacant by the resignation of the Most Reverend Edward Arthur Dunn.

The Dean was appointed Rector of the parish of St. George, Georgetown, by the late Bishop Parry and arrived in the Colony in December 1930. He has been a member of the Diocesan Council and the Governing Body for schools since 1931 and is, at present, the Vice President of the Young Men Christian Association as also a member of the Organization's Board of Governors.

since 1936. He is in addition a member of the Educational Committee, the Educational Development Committee, The Advisory Social Welfare Committee and vice - chairman of the United Christian Front Committee. During the 1914 - 1918 war the Dean served in the Royal Fusiliers and the Machine Gun Corps, in which

regiment he later received a commission before serving on the West Front.

After concluding his theological course at the University of Leeds he was ordained Deacon, in September 1931, by the Bishop of Peterborough, and Priest the next year by the Bishop of Leicester.

TO MEMORY OF LATE MISS ELSIE REID

As a lovely Bird in our human garden was the first anniversary of her late Miss Elsie Reid, and sad Passing, a Requiem Mass was celebrated in our Cathedral on the morning of the 17th. instant. The fragrance has found an abiding place while her memory will ever linger in the hearts of her parents, relatives, friends and numerous Christian associates.

ANOTHER LIMONENSE ADDED TO EDUCATIONAL STAFF

Miss Melanie Hilarion has been added to the official educational staff of this city. She has been assigned to the Drawing Section of the General Tomas Guardia School, under the directorship of don Tristan Brenes.

Miss Hilarion was among those who took advantage of last year's winter course of instructions in the Capital and is said to have been very successful with her lessons in drawing.

The "Atlantic Voice" extends her its congratulations and wishes her every success in her important functioning.

CHANGE IN NATIONAL CHANCE LOTTERY DRAWINGS

We have been afforded the information that a change will shortly take place in connection with the drawings of the "Popular" Lottery or "Chances".

As is well known, the "Popular" scheme was established some time ago, in an effort to eliminate the illegal game then so widely indulged in throughout the country, in conjunction with the National Lottery of the neighbouring Republic of Panama, and which was having financial interests of our Azeilo Chapui Lottery. Drawings for the "Chances" take place each Sunday, regardless of that of the regular Lottery. So popular has this "Popular" System become

that it is said to be making serious inroads in the sales of the regular System. After, therefore, fully considering the matter, the Junta de Protección Social of San Jose, who have charge of both operations, have decided that the drawings in connection with the "Popular" will only take place on the Sundays on which there are none for the Azeilo Chapui Scheme.

It has also been stated in view of the speculative prices now charged, in different localities, for the "Chance" tickets, a much larger number of tickets will be issued for each serie. It is expected the change will take effect on the 14th. of the coming month of May.

BULLETINS FROM BRITAIN

H. R. H. PRINCESS ELIZABETH - HEIRESS TO BRITAIN'S CROWN

Yesterday, 21 April, Princess Elizabeth of Great Britain reached her eighteenth birthday and, in conformity with recent legislation, officially attained her majority. Not only the people of the United Kingdom, but also those Britons living in the Dominions and Colonies which form the British Commonwealth of Nations and all other Britons abroad have felt the deepest interest in this young woman who one day will be their Queen. This is a red-letter-day for the Princess, since henceforth when occasion arises she can act as official deputy for her father, King George VI, should he go abroad. This means that at an age when other young people are attending their university courses, Princess Elizabeth may be called upon to fulfill the arduous and difficult tasks which are her heritage, and for which she is being properly trained. Her royal parents have always lived a happy, family life and her education has therefore been ideal. The King and Queen have cared for the upbringing of the two princesses—since Princess Margaret Rose, her younger sister, has always been an inseparable companion, particularly since October 1940 when Princess Elizabeth spoke for the first time before the microphone, and the soft voice of the younger princess also was heard at the end of the broadcast as they both said goodbye to the juvenile audience. Princess Elizabeth's childhood was happy and on the same lines as that of any normal, healthy young person. She was taught at home by Miss Harion Crawford of Edinburgh University. Naturally the princess had to devote more attention to her studies than do many other students, but prior to the war she still had plenty of time for games and recreation. She is an excellent horsewoman and frequently accompanies her father in his rides in the neighborhood of Windsor Castle. Her princesses enjoy bicycling but it is always

Elizabeth, as the elder sister, who arranges their games and outings. Her public appearances so far have been few but sufficient to give her the bearing and confidence necessary in the future. At 11 years of age, Princess Elizabeth joined the Girl Guides and like any other member gained by merit her badges and promotion. Since war broke out, she has of course had the opportunity of speaking personally with her heroic compatriots from the Army, the Navy and the Air Force and has learnt the hard realities of the world conflict. She possesses a natural dignity derived from the simplicity and sweetness of her heart, and her character shows a warm human sympathy combined with firm understanding of her duties.

When some 200,000 British girls of 16 years of age registered under the British Youth Plan, Princess Elizabeth was among the first to give in her name.

For her sixteenth birthday, her parents arranged a party in her honour, and shortly afterwards, in her own right as Colonel-in-Chief of the famous Grenadier Guards, she invited the members of the Regiment to a private ball. With her large, intelligent greyish blue eyes, her curly chestnut hair and her slender, graceful figure, the princess is extraordinarily attractive, whilst her gentle smile captivates everyone who has the honour of meeting her. Today Princess Elizabeth is earnestly studying all branches of endeavour including music. She is already fulfilling public duties and is preparing herself in every way to assume the burdens of the future if Destiny should call her to the Throne of Great Britain.

AIRSPPEED LIMITS

If you should ever see a plane approaching silently at great speed, and find that its silence is ended suddenly by engine

FATEFUL DAY

Fifty-five years ago last Thursday there was born in the Bohemian township of Brounov (corrupted by the Germans into Braunau) a freak who has since achieved two of the most notorious distinctions accorded to any human being in one lifetime.

First, he made himself Humanity's Enemy No 1, and secondly, though involuntarily, he has succeeded in welding thirty-four civilised nations into a steel-clad confraternity determined to smash once and for all the single nation whose petulant arrogance, overbearing behavior and insolence throughout the ages have unleashed incessant warfare for the sole purpose of lording it over the entire world and enslaving all other nations. This creature, one of the most sinister megalomaniacs who ever saw the light, to whom one can hardly apply the name of human—being, is known as "Adolph Hitler" the mistimed "Fuehrer" of the so-called "Third Reich". He it was who, in an access of incredible vanity, said a few years ago, when the presages of this second world war were already gathering: "I want to fight at 50 years of age, while still young, and not as a greybeard of 70". He it was who set in motion the most powerful war-machine yet devised, knowing full well that other nations neither wanted war nor were prepared for it. And he it is who now is in the course of reaping the whirlwind which he himself sowed. He wanted to fight while he was young, and forced the democracies of the world to show therefore that they were younger and more virile than he and all his professional armies trained during the long years of uneasy peace. Now, at the age of 55, he can sit in Berchtesgaden and contemplate the imminent fall of his country, whose pride and insolence have drawn against themselves the inexorable judgment of the united races of mankind—"Delenda est Germania" (Germany must be shattered).

At the moment it passes over, you will know that the plane was travelling at about the speed of sound. The noise and the plane will have reached you at the same moment. If you should see a plane pass over you, and then should continue to hear its roar coming from the direction from which the plane came, after it has gone in the opposite direction, you will know that it is flying faster than sound the sound will be lagging behind, and still be reaching you after the plane has gone. Do not expect these experiences, in the immediate future.

BRITISH FORESIGHT

The cruiser "HMS Jamaica", which fired one of the torpedoes which finished off the "Scharnhorst", actually represented the "Scharnhorst" in one of the many mock battles that were carried out by the Home Fleet of the Royal Navy, to prepare itself for the great day when it would meet the "Scharnhorst" in real combat. The exercise in which the "Jamaica" played the part of the "Scharnhorst" followed in a remarkable degree the course of battle during the actual engagement. In this exercise, the "Jamaica" adopted the same tactics that the "Scharnhorst" adopted later when she met the Home Fleet. Likewise, the cruisers and destroyers and the battleship "Duke of York" followed the same tactics they followed during the battle.

At one time or another nearly all the ships that took part in the final action also took part in the anti-"Scharnhorst" exercises. In these mock battles by the Home Fleet, every possible action and tactic the "Scharnhorst" might employ was rehearsed. The possibility of her attacking a convoy, engaging units of the Home Fleet, or trying to reach the Baltic were all tried out; also the possibility that she would put to sea with other ships was foreseen; the exercise had to act as if half a dozen German destroyers were all ready in Alten Fjord to protect her.

NEW AIR ROUTES

Though little has been heard of the great air route and aerodrome development undertaken by Britain, much work has been done in developing new routes, extending airfields and creating new strategic bases. Perhaps the greatest development has been in Africa, where the Government has spent between \$ 6,000,000 and \$ 8,000,000 since 1940 largely in creating a reinforcement route from Takoradi, in the west, to the Middle East. In all, forty airfields, flying-boat bases and landing grounds have been provided in the four West African Colonies. The four airfields in British West Africa which are being used extensively by the United States Forces were all developed by the Colonial Governments, with assistance from the British Government. In 1941 the British and Indian Governments decided to establish an alternative route between India and the Middle East. Much airfield extension work has been completed in Egypt, the Sudan and in Gibraltar as well as in Iceland. Of the capital expenditure of \$ 2,460,000,000 involved in the provision of new airfields, camps and depots in Britain to

INTERNATIONAL INFORMATION COUNCIL

In a paper read to the British Society for International Bibliography, "A Plan for Mobilizing Bibliographical References to the Contents of the World's Non-Fiction Literature" it was proposed that in order that valuable information on subjects which might appear in unexpected types of literature should not be lost by incomprehensive classification and recording, an International Information Council should be set up. This council should include representatives of national information committees, and these again should be made up of national information bureaux, each dealing in a specialized subject, who should carry out the work of recording the contents of national literature. These national organizations should be intended to serve government departments as well as the public, and should be subsidized by government funds. The bibliographical reference should be subject-classified in a standard international code and on receiving the material the national committee should classify it and the various bureaux should send copies of the references to their opposite numbers in other countries by air. It is suggested as a start that an Anglo-Soviet-American organization should initiate the work.

MAPS

Every battle begins on a map. Maps are thus the very first weapons of war. They are an essential part of the equipment not only of the G. H. Q., but of virtually every officer in the field. England has, for years, been a producer of first-class maps and has been able to apply a great amount of expert experience to keeping the British Army supplied—and not only the British Army but the American Forces. Under Mutual Aid Lend-Lease, Britain supplies all of the maps used by the U. S. Army and the U. S. A. A. F. in Britain or based on Britain, and most of the maps used by the U. S. forces in the Mediterranean theatre.

SAYINGS

"The Moscow Declaration by the Great Powers has given new hope to the world by creating an atmosphere in which the machinery for dealing with political, economic, and social questions can be considered". — High Commissioner for Australia.

accommodate British and American Air Forces, all but \$ 40,000,000 has been met by the British Government.
