

Aceptó el Sr. Secretario de Fomento, la invitación municipal para visitar esta zona

Vendrá en compañía del Director del Departamento Nl. de Agricultura

Hace algunos días, por medio del señor Gobernador de la Provincia, la Municipalidad de Limón, invitó al señor Secretario de Fomento y Agricultura, don Jorge Zeledón, a visitar la zona atlántica y enterarse personalmente de muchos aspectos interesantes en relación con el deseado resurgimiento de la zona. Con este motivo el señor Secretario de Fomento, ofreció al señor Gobernador hacer una visita de inspección dentro de poco tiempo. Vendrá, según lo anuncia en compañía del señor Director del Departamento Nacional de Agricultura, y recorrerá gran parte de la zona, para estudiar sobre el terreno los proyectos de resurgimiento

to y el plan que debe adoptarse para el impulso de la agricultura.

Don Jorge Zeledón Castro

Con motivo de esta visita, la Municipalidad nombró una comisión integrada por el señor Gobernador, el regidor señor Solé y el Contador Municipal señor Mora Aguilar para organizar el agasajo que ha de ofrecérsese al distinguido visitante.

Esta visita seguramente tendrá una importancia excepcional porque significa el verdadero deseo del Gobierno para impulsar el desarrollo agrícola de toda la provincia.

SERA SOLICITADA AL CONGRESO LA PENSION DE DON RICARDO MORA FERNANDEZ

Publicamos, haciéndonos intérpretes de la pública simpatía de que goza en Limón, estas bellas palabras de don Mariano Tovar, que condensan la vida ejemplar del Señor Mora

LA PENSION DE UN BENEMERITO

En próxima sesión y desde luego, antes de terminar sus labores la actual legislatura, será presentada la solicitud de pensión para el distinguido caballero, de aristocrática estirpe, (esto dicho en la extensión mas amplia del concepto) don Ricardo Mora Fernández. Es

ta solicitud, posee aspectos de robusto interés, tanto por la personalidad de que se trata, como porque, otorgándola, va a honrarse Costa Rica. Extraña uno de esos raros y legítimos casos, en que un varón distinguido, de virtud acrecentada, (Pasa a la Página cuatro)

La Municipalidad de Limón obsequiará a la Unidad Sanitaria con un magnífico aparato de Rayos X, cuyo costo subirá de ₡ 10.000

LA DIRECTIVA DE LA EXPOSICION AGRICOLA E INDUSTRIAL DE ALAJUELA AGRADECE LAS ATENCIONES RECIBIDAS DE NUESTRO GOBERNADOR, DON ABEL ROBLES, Y HACE INTERESANTES CONSIDERACIONES SOBRE LA GANADERIA DE ESTA ZONA

Alajuela, junio 2 de 1942.
Señor Gobernador de Limón.
Limón.
Distinguido señor nuestro: ...
Leído el informe rendido por

la comisión que recientemente visitó la provincia de Limón, la directiva que organiza la exposición para el día de nuestra independencia, ha acordado signi

ficado un agradecimiento por las múltiples atenciones con que usted (Pasa a la Página cuatro)

Desde hace muchos meses, a solicitud de la Junta de Asistencia Social de Limón, acordó la Municipalidad comprar un aparato de Rayos X, de imprescindible necesi-

dad, para desarrollar una efectiva campaña anti-tuberculosa. Desgraciadamente el precio del equipo resultaba muy elevado y se trató de conseguir por medio de la Institución Rockefeller, precios más bajos y mejores condiciones. No fué posible obtener ni una ni otra cosa, y en estas gestiones se ha pasado el tiempo.

El equipo que mejor utilidad puede prestar a la comunidad, dentro del presupuesto de que puede disponer, lo ha ofrecido la casa Fischel, y cuyo costo alcanza a más de diez mil colones con todos los accesorios necesarios. La Municipalidad acordó aceptar la propuesta y comisionar al señor Gobernador para que haga la compra a la mayor brevedad posible.

El equipo en referencia no se encuentra en el país y será necesario pedirlo a los Estados Unidos, lo que atrasará en muchos meses su llegada por la dificultad de las comunicaciones. De todas maneras ya se ha esperado lo más y no importa aguardar unos meses ya que podrá desarrollarse con positivos beneficios la campaña anti-tuberculosa en todo el cantón de Limón.

NO SE PUEDE SUPRIMIR EL INTENDENTE MUNICIPAL DE SIQUIRRAS

ASI CONTESTA LA SECRETARIA DE GOBERNACION A LA COMISION DEL CONGRESO QUE SOLICITO EL INFORME AL RESPUESTO

Se presentó a la consideración del Congreso un proyecto de ley suscrito por numerosos vecinos de Siquirres, a efecto de que sea suprimido el servicio del Intendente Municipal del lugar, por considerar inconveniente ese gasto para la comunidad y no necesitarse en estos momentos.

de la Comisión de Gobernación, habiendo pedido informe dicha Comisión al Poder Ejecutivo sobre la necesidad o no de mantener este cargo y la nota que esta mañana firmó el señor Secretario de Gobernación don Carlos María Jiménez, mantiene la tesis de que es necesario ese cargo y que en todo caso nada se producirá porque el control de los asuntos municipales estarán siempre bajo el cuidado de un personero del Poder Ejecutivo que en este caso sería el Jefe Político.

Por otras razones complementarias, la pregunta de la Comisión se contesta negativamente, por lo cual es posible que no prospere la iniciativa de los vecinos de Siquirres.

Sagrada Imagen de la SANTISIMA TRINIDAD que será bendecida y colocada mañana Domingo en la Catedral de esta ciudad.

Esta magnífica obra de arte fué comprada por suscripción pública a iniciativa del Coronel don Fulgencio Campos.

MURIO ARCADIO MORERA AVILA

Con el laconismos de tres palabras transmitidas telegráficamente, recibieron los familiares de Arcadio Morera Avila en esta ciudad, la mañana del domingo último la triste nueva de haber muerto este esforzado luchador la noche anterior en la ciudad del Erizo. Arcadio salió de su ciudad natal, Alajuela, allá por el año 1910 hacia la zona Atlántica, en busca de oro deslumbrador, lleno de optimismo cuando la salud le sobraba y la vida le sonreía, a la edad aproximada de 25 años, con su señora madre doña Isabel Avila de Morera y sus dos hermanas menores Clara y Olivia sentando su residencia en el puer to de Limón, donde gozó por su aerisohada honradez, como buen hijo, buen hermano, amigo leal y sincero, de estimación y simpatía. Hará por ahí de un año, ya cuñado su organismo apenas podía resistir el peso de este clima, fué atacado de terrible enfermedad que lo obligó a regresar en los primeros días de este mes, a su ciudad natal en busca de alivio, donde por más esfuerzos que hizo la ciencia por prolongarle la vida, se despidió de los suyos para siempre, la noche del 13 efectuándose sus funerales con un lucidísimo acompañamiento. Al consignar esta luctuosa noticia, "La Voz del Atlántico" envía su más sentido pésame a sus hermanos don Poffirio, Manuel, Gustavo, Cristobalina, Clara y a nuestro diligente colaborador don Nicolás de la O. Miranbuen hijo, buen hermano, a-

CAPTURA DE UN FUGITIVO PELIGROSO EN SIQUIRRES

En su oportunidad informó este periódico de la fuga del reo Thomas James Crawford el año pasado entre La Junta y Siquirres, del tren a toda velocidad en que era conducido por el teniente Rafael Angel Cambrotero a la Penitenciaría de San José por ser peligrosa su permanencia en la cárcel de Limón donde se encontraba a la orden de los tribunales comunes con motivo de varios procesos que se le seguían por diferentes hechos delictuosos, fuga que fué desfavorablemente comentada por no haberse tomado las seguridades necesarias para evitarla, ya que el citado individuo había salido recientemente de San Lucas adonde no querría volver y que gracias a la cooperación de las autoridades panameñas había sido capturado en el puente interfacional de Siquirres. Ahora, cuando él creyó que con el cambio de autoridades nadie lo reconocería, entró muy confiado el viernes último en el tren local a Siquirres de lo que tuvo conocimiento el señor Jefe Político, quien tomó todas las medidas del caso para hacer efectiva su captura y con el auxilio de dos guardas fiscales del Puerto y su policía, le cayerón a Jattés sosteniendo con éste una lucha feroz hasta que lograron dominarlo y esposado fué reingresado a la cárcel del puerto por el tren del mismo día, a efecto de que purge en el lugar de destino —entre otras— una pena por el delito de merodeo de tres años ocho meses en la isla en daño de Hubert Rowe, quien en compañía de otros sujetos de color, le sustrajeron de un chiquero en Cieneguita un cerdo que al ser descubierto echaron — en el río y huyeron.

NOTAS EDITORIALES

¿LA GUERRA DE NERVIOS?

Durante toda la semana, aquí, y posiblemente en el resto del país, se han desencadenado los mas absurdos rumores en descrédito del Gobierno. Parece en realidad una guerra de nervios, ladamente encausada con el propósito de agravar las dificultades que ya estamos sufriendo. Esta labor organizada de una quinta columna está haciendo un daño de incalculables alcances. Si el gobierno tiene que defenderse no solamente de la crisis extranjera, sino también de la interior, que se le trata de crear astutamente, la labor tendrá que hacerse mil veces mas difícil. El sabotaje que se está empleando no deja huellas materiales donde pueden sentarse las responsabilidades necesarias, pero el daño es mucho mas efectivo que la voladura de una fábrica o la destrucción de un camino de hierro.

Esta labor que se está ejecutando sordamente, parece cristalizarse en buscar el fracaso de las garantías sociales. De donde vienen los hilos que manejan, es difícil saberlo. Pudiera encontrarse en el capital, en la política o simplemente en la oposición al gobierno, que está fuera del presupuesto nacional.

Pero de una o de otra parte que venga, lo que mas intensamente se ha propalado, porque es quizá lo mas dañino, es que el gobierno está en completa bancarrota y que al finalizar el mes, no será posible pagar los sueldos de los empleados públicos. Se insiste en que el empréstito que logró conseguir en los Estados Unidos el señor Secretario de Hacienda, fracasó ruidosamente por la intervención de la Casa Blanca.

Nada de esta guerra de nervios tendría importancia real en épocas normales. Siempre habrá descontentos y siempre habrá un sector de oposición que todo lo critica. Pero en estos momentos esa campaña resulta peligrosa para la buena marcha de la administración.

Parte de estos rumores han sido desvirtuados por el señor Presidente en reportaje que dió a la Prensa Libre, por el señor Secretario de Fomento y por el de Hacienda en declaraciones que hicieron en los periódicos del martes. Pero ni las manifestaciones del Dr. Calderón Guardia ni las de sus secretarios de estado, abarcaron el mas interesante de los tópicos que tiene que ser el del estado financiero del país y especialmente el de la suspensión de pagos.

Sería de verdadera importancia que el señor Presidente o su Secretario de Hacienda desvirtuaran estos rumores de una manera clara y definitiva. Los miles de empleados públicos que resultarían afectados por esta catástrofe financiera están tratando de conjurarla en cuantas formas les es posible, y el usurero, aprovechando de esta circunstancia, afila las garras para dar el arpas.

Esta situación de desconfianza contra la futura solía del empleado, y que parece no tener importancia a las cosas de mas bulto, va crear un deseo económico de incalculables proporciones, por esta a muchos miles de gentes. Si con declaraciones pudiera evitarse esta situación que se está valdria la pena hacerlo con una clara exposición al señor Secretario de Hacienda.

PANAMA — "VIA DEL NUEVO MUNDO"
La República de Panamá esclusa de dos océanos vía terrestre de las naciones de dos Continentes listas a defender sus libertades ganadas en cruentas luchas, es hoy de vital importancia a la causa de las Américas, tal como lo fué ayer el mantenimiento del poderío español en el Nuevo Mundo, poco después de su descubrimiento.

Once años tan sólo habían transcurrido desde que Colón, en su cuarto y último viaje, exploraba todas las penetraciones del Caribe en las Costas de Panamá, en busca de una vía marítima que le permitiera llegar a su ansiado Cathay, cuando Vasco Núñez de Balboa forzaba sus jornadas a través de las selvas tropicales del Istmo y de los desfiladeros de las montañas, para pasmar al mundo con su descubrimiento del Océano Pacífico.

Seis años más tarde, Pedro Arias de Avila, siguiendo las huellas de Balboa, fundaba la antigua ciudad de Panamá, que poco después se convirtió en importante sede del gobierno colonial de España, que extendía entonces su jurisdicción desde Nicaragua al norte, hasta el Estrecho de Magallanes en el Sur, con inclusión de las Provincias de Cartagena, Perú, Chile y lo que es la Argentina de hoy.

Doce años más tarde, Fran-

cisco Pizarro salía de Panamá al mando de la expedición que conquistó el Perú. Y así la ciudad de Panamá se convirtió en el puerto de trasbordo de los tesoros y riquezas del Imperio Incaico, que iban destinadas a España; así como también en centro distribuidor de los productos de la madre patria que venían destinados a las Colonias del Nuevo Mundo.

Panamá continúa todavía ejerciendo esta función distribuidora. Hoy sin embargo el comercio de España se reduce tan sólo a pocas gotas, y es otro el país nuevo y vigoroso, cuyo nombre en ese entonces no era conocido, el que tiene la voz y voto para indicar qué vapores y qué mercadería puede atravesar los 80 kilómetros de distancia del Canal de Panamá, excavado con el sudor y brazo del hombre, y que hoy mezcla las majestuosas aguas del Atlántico y del Pacífico.

Ya en 1529 un Teniente de Balboa anticipó la necesidad de un canal que atravesara Panamá, y con esta idea en mente preparó los primeros planos de la ruta, pero fué Cortez, inmortal por su conquista de México, quien escribió: "Cualquiera que sea el costo debemos construir un canal en Panamá".

Restos de las aspiraciones francesas, que de antemano fueron condenadas al fracaso

so por el mosquito transmisor de la fiebre amarilla, se pueden ver hoy en Panamá. No fué sino hasta que Goethals y Gorgas, el primero combatiendo contra los elementos y el segundo contra las enfermedades tropicales, esfuerzos que les mereció la gratitud y admiración del mundo, que triunfalmente terminaron en 1914 la hercúlea obra del Canal que une hoy a los dos océanos.

Panamá ha pasado felizmente a través de las vicisitudes que amagan a las naciones jóvenes, y ahora república independiente, con garantías constitucionales para su pueblo, cedió a los Estados Unidos el derecho de construir y operar el Canal que facilita grandemente el intercambio comercial del mundo, y que ha relegado a las fantásticas páginas de la historia las jornadas de los veleros y vapores que navegaban alrededor del Cabo de Hornos.

De acuerdo con un tratado y previo el pago de un canon anual de arrendamiento, los Estados Unidos obtuvieron el derecho a cinco millas de terreno a cada lado del Canal, y queda al haber de las dos partes contratantes de que sus relaciones de arrendador e inquilino apenas han sido perturbadas por problemas insignificantes. Una singular paradoja geográfica es el descubrimiento que la entrada del Caribe o del Atlántico al Canal se halla situada más al oeste que su terminal en el Pacífico.

Casi desde su descubrimiento, Panamá ha jugado papel importante en el movimiento de los artículos que entran en el intercambio comercial del mundo, ya sean estos producidos como resultado de la paz o botín de guerra.

Aunque el país es centro productor de reconocido valor, se lo conoce principalmente por su producción bananera, sus cocos, cueros y cacao, perlas, cáñamo, conchales, balata, caucho, tagua, chas de tortuga, gomas, etc. Su importancia radica más bien en su función vital de vía marítima que une dos océanos y dos continentes; y es así como juega papel trascendental tal vez mejor en las páginas de la historia que se escriben hoy, que en las de las centurias ya idas.

CERCADA POR COMPLETO HA QUEDADO TOBRUK
 NUEVA YORK, 19 UP. — El

comunicado alemán propalado por radio Berlin informa que las tropas germano-italianas han cercado a Tobruk.

THE THOUGHT FOR THE WEEK

Nothing is more apparent than that, however injured or provoked, some must eventually relent and forgive. It can never be hoped that he who first commits an injury will contentedly acquiesce in the required penalty. The same haughtiness of contempt and vehemence of desire that prompt the act of injustice will more strongly incite its justification; and resentment can never so exactly balance the punishment with the fault, but there will remain an overplus of vengeance, which even he who condemns his first action will think himself entitled to retaliate.

FURTHER COMPLAINT BY RAILROAD TRAVELLERS

It is reported that travellers who frequent the Estrella Valley region, by means of the Railroad Company's bi-weekly passenger and freight combination, are experiencing a further amount of hardship in consequence of being denied the privilege of carrying, free of freight charges, their hitherto permissible small personal packages.

From all that has been alleged, it would seem as if rulings of a distinctly personal character are being made effective in this section of the Company's operations, quite apart from the genuine official regulations. If this be really so, an early and thorough investigation appears necessary.

The large majority of the users of this Branch service are small cultivations, whose struggles for an existence should evoke the most generous treatment in keeping always, of course, with the Company's general interests. It does not, therefore, appear reasonable to demand from them the payment of amounts, as freight, often in excess, it is declared, of the value of the contents of the small packages which more often than not are only vegetables and fruit for their home use.

Knowing, as we do, that the policy of the Company's Administrative Personnel is to facilitate our travelling public in every way possible, we are confident they will accord this matter the consideration it merits.

ALLEGED DISCOVERY OF PERUVIAN BARK TREES

We note the very interesting report that forest trees resembling those of the genus from which the valuable "Peruvian Bark" is obtained, were recently discovered on a privately owned property in the vicinity of Turrialba. The age of some of the trees have been placed at fifty or more years. It is understood that specimens of the product have been forwarded to the United States of America for scientific analysis to determine its real value. In view of the marked shortage we are experiencing our supplies of alkaloid material, it is hoped the examination will produce the most favourable results.

YEAR VIII — LIMON, COSTA RICA, JUNE 20th. 1942 — N° 396

WIRELESS NEWS

BERNE — Berlin announces that 15,000,000 women are actually employed in German industries and that 9,500,000 of them are doing so under compulsion. Six million of them are married and the mothers of a million and a half children who are cared in special centers during working hours.

CAIRO — The British Military Command states they had retired their forces from the positions occupied at El Adem and Sidi Rezegh but were continuing to harass the enemy in the south and west of Tobruk.

STOCKHOLM — According to an official statement the raids by the Royal Air Force over German territory caused 1,282 deaths during the month of April.

LONDON — The Minister of Aviation has released the information that 399 civilians were killed and 425 injured as the result of air raids over England during the month of May last. The total deaths among the civil population in April and May have been fixed at 1,337.

LONDON — The Germans have threatened to execute one thousand Czechoslovaks for every German who is killed in that country.

Salaries Commission Named for Limon

According to the announcement in the official Gazette, the Executive Authority has named a Salaries Commission for the Central Canton of our Province. The members are — the Governor of the Province, as President, Messrs. Alfonso Sole and Rafael de la Peña as representing the employers, and Messrs. Francisco Muñoz Sanchez and Francisco Marin Moya for the workers.

As in the Capital and other interior points, the Commission will deal with all matters which may arise between our workers and their employers in connection with their wages or salaries.

JAPAN PREPARING TO INVADE SIBERIA

According to information emanating from China, the Japanese

U. S. NAVY GAIN THIRD BIG VICTORY OVER JAPANESE

After a three days encounter in the waters of the Aleutian Islands, off the coast of Alaska, the United States naval and air units secured their third signal victory over the Japanese. One enemy cruiser was sunk, and at least six other war units badly damaged, including an airplane carrier and three destroyers.

After a violent attack in the Mediterranean, which lasted for three days also, an allied convoy reached Tobruk and Malta with food, munition and troops. Although the British Command admit they suffered somewhat heavily they claim that the sinking of a 10,000 ton Italian cruiser, and at least two destroyers, as well as the serious damage inflicted on six other ships in addition to the destruction of numerous aircraft far outweighed their losses.

It is thought in military circles

that the result of the Aleutian fight will seriously affect Japan's plans against the strategic positions of the United States which might play an important part in the expected offensive in the Pacific.

General Ritchie is reported to have withdrawn his forces to the Egyptian frontier in view of the menace with which they were faced by those of the enemy.

The important stronghold at Tobruk is again threatened as a result of the fove.

The most serious fighting on the Russian Front is still centered in the sector of Sebastopol, where the Soviets are heroically withstanding a veritable inferno from the attacking Nazis, who, according to Berlin, are gaining considerable ground to the north of the city.

CHURCHILL IN WASHINGTON

The British Prime Minister, mand is expected to place a Winston Churchill, arrived in new and important phase on Washington last Thursday of the conflict in the near future, tomorrow to confer, it is stated, Commentators are of the opinion that the long talked about "second-front" offensive against

Accomplished at this period Hitler in western Europe will of the war the Premier's probably be given a final deference with President Roosevelt and the U. S. High Com-

BANANAS \$ 1.00 PER DOZEN IN NEW YORK

A press advice, dated the latter part of the past month reveals that due to the scarcity of supplies, Bananas were then being sold in New York after the rate of from sixty cents to one dollar per dozen.

In New Orleans, during the same period, the price asked for the fruit was between seven and eight cents a pound in the chain stores, and from fifteen to forty cents a dozen on the fruit-stands and in the independent groceries.

Strange as it may seem, in view of the existing transportation difficulties, and despite its position as a vital defence port, New Orleans' bananas wharves, stretching for miles along the Mississippi, are reported busier than ever taking care of the total banana imports for the country. The arrivals, during the month of January of the present year, totalled, we are told, 577,852 stems while, in February, the quantity reached the higher total of...

are preparing to invade Russia by way of Siberia, in an effort, it must be presumed, to assist their Nazi partner on the other front. Large numbers of their man-power and war material are reported being transferred to northern China and Manchuria, while their war planes are known to be moving in the same direction in great quantities from Burma, the Philippines and the Dutch East Indies.

\$12,760. The March figures were expected to show a greater increase.

HERE IS MILK

Fresh from the finest Dairy Regions

• One of the first essentials to good health is to drink plenty of fresh milk every day. Klim is a dependable source of fresh milk from which the water has been removed... it keeps without refrigeration. Special packing retains the delightful, natural pure milk flavour.

You have fresh milk when you need it simply by replacing the water in Klim. It is easy to use — economical too — there is no waste! Try Klim today.

JUNIOR EARLE REACHES ANOTHER OF LIFE'S MILE POSTS

Of, when we hear the twitterings of birds among the leafy branches of the trees, the thought of their happy existence comes home to us. More so is this our experience when we witness the innocent pleasures of our offspring, who are much dearer to us than our little feathered friends.

It was a veritable juvenile invasion of the residence of little Junior's parents, last Sunday afternoon, when "Tots", from every angle, were on the scene participating in Junior's celebration of another birth anniversary. It was a real youngsters party and they were untried with their innocent entertaining items. Many adults were present to add to their enjoyment. The latter hours of the evening were enlivened by the rhythms supplied by the White's Gazoo Band. The refreshments were of choiced varieties.

D. RAFAEL DE LA PEÑA HEADS ADMINISTRATIVE PERSONNEL OF FOOTBALL LEAGUE

The setting for the election of the Administrative Personnel, to guide the destinies of the Limon 1942 Football League Fixtures, was in evidence Friday evening, eight day ago, in the residence of Mr. and Mrs. Roberto Blanco.

Mr. Blanco was named Secretary, pro tem, at the start of the session. Messrs. Rafael de la Peña and Pedro Breedy were nominated for the office of President, and on the votes being taken, the former secured a majority and was accordingly declared elected. For the office of Vice President, Messrs. Arturo Coward and Pedro Breedy were nominated and on a tie-vote resulting, Mr. Coward withdrew in favour of Mr. Breedy. Mr. Rafael Ruiz, being the only one nominated for the position of Secretary was elected un-

contested. Mr. Edwin Saenz was popularly chosen his assistant, while Mr. Dominó Desarrmanga was without opposition voted to the office of Treasurer. Mr. Frank Rivers was assigned the duties of Fiscal and as Vocals, Messrs. Arturo Coward, Luz Chacon, Rodolph Johnson and Enrique Amador were elected.

During the discussions which followed Mr. Ruiz suggested that the League be registered with the Government Department of Physical Science and Sports which, would, he said be the best means of their securing official attention and assistance whenever these might be required. The suggestion was warmly endorsed and the matter placed on record for the attention of the incoming Administration.

BRITAINS' "REST CENTER" SERVICE

Britain's "Rest Center" Service, a product of the enemy air raids, is described as the stepping stone between the ruins of the old home and the setting up of the new. They are places where people, turned suddenly into the saret, perhaps the middle of the night, can go for rest, refreshment, advice, clothing (if necessary) and a general settling down after the shock of being bombed out of their homes.

The Centers are stated to be divided into three classes; The First-Liners being those fully equipped for immediate use; Second-Liners capable of being occupied a few hours after an emergency call; and third-liners, which are held in reserve. Church halls, billiard rooms, schools, theaters and cinemas are the buildings usually adapted for the purposes of the servi-

ce. About 20,000 of the first and second-liners are located throughout England and Wales, with accommodation for a total of two million and more persons. London has been provided with 1,000 with sufficient space for 21,000 persons.

These "Temporary" homes are controlled by a "Direction Officer" in association with the local municipal authorities and other officials. Each carries a complete staff of workers, including a woman with special nursing experience, and three assistants who work in shifts so as to ensure a continuous day-and night service.

The service is said to be doing a wonderful amount of good and provides an invaluable aid to the onerous duties of the Civil Defence workers.

AM IMPOSING RALLY

A fortnight ago, last Tuesday, an imposing Rally between Costa Rica and Jamaica, fostered by the Bethel Lodge of Siquirres, gave rise to much praiseworthy comments. The contest is said to have been most enthusiastic and humorous.

Messrs. W. A. Petgrave and Rupert Wilson championed the cause of Costa Rica and emerged on top with five hundred and fifty votes against three hundred and fifty-six for Jamaica, under the representations of Messrs. I. Stewart, N. Houston and H. Sharp.

A very amusing entertaining programme was also presented. Master Carnegie eloquently delivered the address of Welcome. Miss Carnegie contributed two humorous recitations, while "Love at Home" was the duet richly executed by Mr. Houston and Miss B. Street. Sincere congratulations were extended the Lodge by Messrs. F. Snook of Monte Verde, David Ward of Pacuarito, C. Sankey and the Caribbean Packing Company of this city, Mr. E. Taylor of Siquirres and others for the philanthropic demonstration. Mr. Mettie Wilson, our esteemed collaborator is, said to have been the moving spirit who street the brilliant achievement.

SALIERON DE NUEVA YORK 1095 JAPONESES

WASHINGTON, 199. UP. — El departamento de estado anunció que ha zarpado de Nueva York el vapor sueco Gripsholm, llevando a bordo mil noventa y cinco diplomáticos y ciudadanos japoneses que serán canjeados por norteamericanos en Laureno, Marques, puerto de la Colonia portuguesa de Mozambique en el sudeste de Africa. El Gripsholm recogerá en Río de Janeiro a otros 4033 japoneses. Los diplomáticos y ciudadanos norteamericanos ahora en Extremo Oriente viajan en

el Conte Verde y el Asama Marú, con destino a Loreno, Marques, a donde llegarán aproximadamente en la misma fecha que el Grisholm. Los países beligerantes han dado salvoconducto a los tres barcos.

MAS OBREROS ESPAÑOLES PARA ALEMANIA

VALENCIA, 18. UP. — En tren especial salió hoy a Hendaya, la segunda expedición de 350 obreros que marchan a trabajar contratados a Alemania, siendo cariñosamente despedidos en la estación de la compañía del ferrocarril central de Aragón.

RIO HONDO'S COMING AMONG THE BAPTISTS EVENTS AT GUACIMO

The much heralded Rally and voting for a June Queen will take place at Rio Hondo on the night of the 22nd. instant. It has been stated that one of the most sensational voting contests will be witnessed. The contestants from Guacimo, La Africa, Pacuarito and Twenty-eight Miles are said to be leaving no stone unturned to vie for the honour of wearing the royal crown—brief though this will be. It has been further rumoured that the home contestant is far behind the parade, and if her supporters desire to place her on the throne, they will have to step on the gas. The Campaign Manager for the La Africa—Guacimo representative is confident his beautiful maid will wear the crown. Not the prospects of those from Pacuarito and 28 Miles as the most perfect secrecy is being maintained.

In order that their names may be placed on the Magna Charta of Motherhood, the Baptists of Guacimo, headed by Mrs. Reid and Miss Ruby Lester, organist, observed Mothers' Day on Sunday last, the 14th. instant.

Divine service was conducted by the Rev. W. Forde, the Pastor of the Denomination, at 11 a. m.; he also presided over the Children's, celebration at three o'clock in the afternoon, when a very rich entertaining programme was presented. The various renditions were most thoughtful, gracious and as whole-hearted as mother-love itself.

Among those who contributed were the Misses Etie, Dina, Daisy, Mildred, Emmie, Ioney, Hortense, Louise, Olga, Shirley, Rita, Beatrice, Gwendoline, Henrietta and Masters Joseph, Rannie, Albert, Nedriet and Byron. The solos by the Misses Rebecca and Givenie, as also the items by the choir and group singing by the children were greatly imbibing.

Guacimo News Bug.

The announcement has been made that the newly installed Bell at the Anglican Church will be dedicated at three o'clock in the afternoon of Monday the 29th. instant. The Rev. W. J. Evans will officiate.

The Lawn Party which was slated for the 6th. July will it is said, take place, instead, on the 20th. idem in view of the Siquirres Races being announced for the earlier date.

BOMBERS AND LIMON-JUNIOR PLAYED TO A TIE-SCORE OF ONE GOAL

This is not intended as an excuse for the men of the Brigade, but any impartially disposed person, who saw them in the herculean practice lat Sunday afternoon, will extend them additional credit for having effected such a fiery battle with the Limon Juniors.

There was evidence that the latter were out to trim their opponents, but though somewhat fagged out, the "Bomberos" tenaciously held up the standard till the match terminated with a score of one goal for each side.

Nos permitimos llamar su atención a la nota al dorso de su recibo que dice:

Este recibo debe pagarse en la oficina dentro de los primeros 10 días de cada mes

Le rogamos recordar esta cláusula y evitarnos la pena de tener que cortar su servicio

We beg to call your attention to our remark at the back of receipt which reads:

This bill must be paid at our office before the 10th of the month

Be so good as to comply with this request and do not oblige us to suspend our service, a step which we would much regret to take.

INTERESTING LECTURE BY CHIEF OF VOLUNTEER FIRE BRIGADE

Exceedingly interesting were the instructions and demonstrations effected by don Noe Alvarado, Chief of our Volunteer Fire Brigade System, in the Recreation Hall of the Tomas Guardia School last Monday afternoon. The Act treated on aerial bombardments, the dropping of incendiary bombs, the necessary defensive measures and the knowledge required for the administering of First Aid Treatment to the wounded.

The important event was convened especially for the educational staff almost all of whom were present, including don Guillermo Amador, our esteemed Inspector of Schools, and don Juan B. Peralta, our highly regarded Director. It was obvious that don Noe's impetuous discourse was greatly appreciated.

The Act, being also under the auspices of the Social Defence Programme, the lecturer was accompanied by our good friend don Alfredo Cañas, who acted as the model for the demonstrations regarding the wounded and the rescuing of persons from fallen buildings. Though the lecture was on so very serious a topic the audience were driven, at times, to smiles consequent on the marvellous manner in which don Alfredo filled the rôle

of the wounded, the maimed or the buried alive.

Sanid was recommended as one of the most effective mediums for extinguishing incendiary bombs, and householders were advised to keep from three to four buckets of the material within easy reach in addition to a constant supply of water. Attention was also directed to the importance of providing plenty of ventilation in our dwelling houses, so that, in case of the spreading of asphyxiating or other dangerous gases, there would be the means of a free passing from the buildings; a generous amount of openings, throughout the houses, would also, it was pointed out, permit the free entry of fresh air.

The demonstrations with a regular fire extinguisher and the effectiveness of the chemical elements transforming into gas were rather impressive.

Mr. Alvarado returned recently from a trip to Panama where he acquired much additional and valuable knowledge in the science associated with the Brigade and Social Defence Measures.

It is understood these lectures will be frequently given, and that our esteemed medico, don Sergio Vindas, will be asked to participate.

LAST SATURDAY AFTERNOON'S EXCITEMENT

A mountain was created out of a mole hill around one o'clock last Saturday afternoon, when a report, taking wings, assembled more than fifty per cent of our citizenry along the walls of the sea front. Some of those who appeared on the scene gasped for breath as a consequence of the distance whence they travelled and the speed with which they raced their human dynamite to see, as the story ran, the survivors, if any, of the merchant ship which had cleared this port some five hours prior to the report, and which was supposed to have been torpedoed by an enemy underwater craft not very far beyond the harbour as the alarmists claimed they had seen the masts of the ship going down — down — till nothing of them was left above the surface of the ocean.

It was somewhat fortunate that an airplane was at the local base and on being requested, the pilots made an investigation and discovered that the reported strange scene was apparently that which took place when two United States Naval units were passing each other in the performance of their coastal defence duties.

Great was the relief when the result of the aerial investigation was made known.

Questionair Sen Farmers

Our attention has been directed to a Questionaire which has been addressed by the Administrative Personnel of the Social Security Headquarters in San Jose, to the settlers on or the cultivators of the lands assigned them some time ago by the Costa Rica Banana Company.

When the Fruit Company, some years ago, released certain areas of the lands they had been occupying these automatically reverted to the government. According to the information sought by the Questionaire, there is reason to believe the present occupiers will have to arrange new terms of occupancy with the State. We do not, however, anticipate the matter will create any difficulties for the persons concerned in view of the government's policy of affording every possible assistance to every effort which tends to stimulate or intensify our agricultural activities.

As a Medium of Information

We have been reliably informed that a great demand for workers exists on some of the plantations in the Estrella Valley region. Among the places specified is the "Envida" Farm at Bonifacio, where it is said experienced Cacao gatherers and other farm workers can secure employment.

We release the information, in this manner with a view of helping those who may desire to obtain employment along such lines.

Será la bestia?

Don Rogelio Gutiérrez R.

With the deepest regret we learn of the illness of our former resident and highly esteemed collaborator don Rogelio Gutiérrez Ross. He is reported so sadly indisposed as to be confined to his residence in San José for the past ten or more days.

We sincerely wish him an early and complete recovery.

CHANGE OF DATE FOR CATHOLIC CELEBRATIONS

The public Act, in connection with the celebration of the Feast of Sts. Peter and Paul and the twenty-fifth anniversary of the Episcopal consecration of His Holiness the Pope, announced for the evening of Monday the 29th. in the Arrasty Theatre, has been changed to Sunday the 28th instant at the hour of 9:30 a. m.

It has also been released that

DeWitt's Pills quickly relieve

Joint pains and backache warn you that your kidneys are out of order. They are getting sluggish and allowing impurities and poisons to escape from the bloodstream and lodge in the muscles and joints.

These poisons (especially excess uric acid) may bring on painful rheumatic swellings if they are not quickly cleared out of the system. The way to tackle the trouble is to go at once to the root cause—the unhealthy condition of your kidneys.

De Witt's Pills are specially prepared to correct kidney disorders. That's why they have proved such an effective treatment for Joint Pains, Rheumatism and Backache. De Witt's Pills not only clear away clogging impurities and poisons—

they actually tone up and strengthen the kidneys. You get evidence of the direct action of De Witt's Pills within 24 hours of taking the first dose. This gives positive proof that a wonderful internal antiseptic, is getting to work at the very root of your trouble—in the kidneys themselves.

Once your kidneys are restored to healthy activity, those joint pains, rheumatic twinges and depressing backaches vanish completely. And because the cause of your trouble has been removed you can expect more than temporary relief.

DeWitt's Pills

KIDNEY AND BLADDER

Made specially to end the pain of Rheumatism, Backache, Lumbago, Joint Pains and all forms of Kidney Trouble. Of all chemists and storekeepers.

MANAGER OF RAILWAY CO ON INSPECTION TOUR

Friday eight days ago, our city had the pleasure of a visit by Mr. W. N. Green, the Manager of the local Railway Company. He was accompanied by his family.

We understand Mr. Green effected an inspection of the various departments of his Company, and that special attention was given the condition of the bridge between Penhurst and Pando on the Estrella Valley Line, which has prevented the newly advertised service

over that section being placed in effect. It is hoped that the inspection will result in the necessary repairs being effected as early as possible and so relieve the farmers and other residents in that district of the present abnormal conditions.

EXECUTIVE AUTHORITY ASKED TO FIX OUR PLAYGROUND

As has already been mentioned in these columns, our Community Playground is sadly in need of attention. It no longer adequately meets the needs of our youngsters and others who demonstrate an increasing interest in the various physical exercises associated with the recognized sports. The construction of a modern stadium has been specially solicited.

A further effort is also being made to have the plaza in front of our Police Headquarters again made available for recreation purposes. As Limon boasts only one public playground,

when it is occupied, as it frequently is, by adult base and foot ball players, the children of the city are deprived of the means of indulging in their much needed out door exercises when released from their classrooms.

As His Excellency, the President of the Republic, and our Minister of Fomento are known to be keenly interested in the efforts being made, generally, to safeguard the nation's health and advance that of our coming generation, we firmly believe the solicitudes will be favourably considered.

on the following Sunday, July 5th. the Feast and Anniversary celebrations will be further observed in the Hall of the Day School of the Cathedral, when the English speaking parishioners and their friends will participate.

The other arrangements remain as mentioned in our last Saturday's issue.

HUNDIDO EL DESTRUCTOR BRITANICO "WILD SWAN"

LONDRES, 19 UP. — El alarmantazo anuncio que doce bombarderos alemanes atacaron y hundieron anoche al destructor británico "Wild Swan", a cien millas de la costa occidental de Francia y echaron también a pique a tres barcos pesqueros españoles. Afadé comunicado que seis de los bombarderos fueron destruidos.

A VISITOR FROM NICARAGUA

Mrs. E. Gayle of our city, had the surprise visit over last week-end of her son, Mr. Stanley Gayle, who is said to have been resident in the Republic of Nicaragua during the past thirteen years. He is now in the maritime service and holds an important position on an ocean going vessel, which, having to call at this port, afforded him the opportunity of embracing his mother and receiving the warm greetings of a large number of friends. In the hey days of our city, Mr Gayle was a widely regarded personage. He served on the teaching staff of the former St. Marck's Day School, was at one time a responsible employee of the United Fruit Company, and was also connected with the commercial activities of the African Communities League in association with the local Unit of the U. N. I. Association.

RETURN OF RECTOR OF ST. MARK'S

After spending several days in the milder climate of the interior, in the interest of his health, the Rev. W. J. Evans, Rector of St. Mark's returned last Friday, eight days ago. Pressure of work and the demand for his ministerial services necessitated his shortening his stay in the more refreshing temperature of the Capital. We sincerely hopes he keeps well.

INVITATION TO COSTA RICA'S BASKET BALLERS

A Basketball Tournament is under promulgation in the neighbouring Republic of Panama and is likely to assume the character of an International Serie, as it is understood the participants will be from the masculine divisions of Colombia, Costa Rica, Canal Zone and Panama. An invitation to this effect has been received by the National Body, in control, in San Jose. There is good reason to believe the invitation will be accepted and our best selection sent over.

An Approaching Social Function

One of our young citizens, who recently returned from a trip abroad, has hinted he is setting the stage for a display of the most up-to-the-minute "Hits" in the light fantastic art. The residence of Mr. Alfred and Miss Rose Watson, will be the "Aurora". We have the further information that Prof. Lebert Brown and his associate musicians are effectively rehearsing new items for the occasion.

Unlike many of the invitation dances, the sponsors of this coming one, have given the assurance that there will be a continuous flow of solid and liquid refreshments, with no additional cost to the quota mentioned on the invitations. Miss Watson, who is associated with the management, has already established her reputation as a graceful hostess.

PHILARMONIC CHOIR TO STAGE MUSICALE

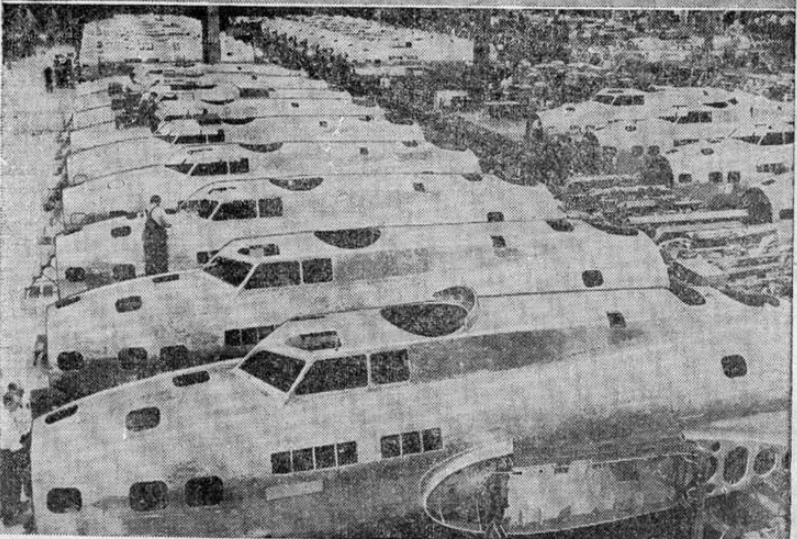

The Parish Hall of Saint Mark's will, it is expected, be splendidly regaled, on the evening of Monday, July, the 6th. prox., when the famous Philharmonic Choristers will present a Musicale. We are confident that those who appreciate brilliant vocal tones and impellent instrumental contributions will be amply satisfied.

As the Choir's Director, Mr. W. Daysley, can always be relied on to present the best, we urge our citizenry to prepare to attend the Musicale in overwhelming numbers.

METHODIST NOTES

Having regard to present day activities among the women of the Methodist League, there is a great time approaching for the members and friends of the denomination, on the occasion of the staging of the Rally based on several Bible Characters, in the church, on the 7th. of the coming month. An interesting entertaining prelude is also under preparation, we understand.

The Men of the Association will convene their regular monthly literary session on Thursday evening the 25th. instant. The uncompleted subject — "A Child's Psychology" — will be further discussed.

SE ROMPEN TODOS LOS RÉCORDS DE PRODUCCIÓN.—Millones de trabajadores en los Estados Unidos se han unido para romper todos los récords que hay establecidos hasta la fecha en la producción de aviones de guerra, tanques, armas de fuego y buques. En la fotografía (arriba) se ve una multitud de trabajadores saliendo de una planta durante el cambio de turnos. Estas plantas se mantienen en operación durante las veinticuatro horas del día. En la fotografía inferior aparecen varias "Fortalezas Aéreas," o sea, bombarderos pesados, en construcción... hasta donde se nos permite ver.

ON THE SICK LIST

Very much we regret having to mention the illness of Mrs. B. McRae. She is said to have suffered a physical collapse consequent on the rapid passing into eternity of her youngest brother, Willie. It is sincerely wished she will soon regain her good health. Friend Oscar has our deepest sympathy.

—Mr. Wally Logan, is most unfortunately suffering from another attack of illness, which has confined him to his residence, in this city, under special medical treatment. May he pull through this further ordeal and be able to be up and doing again.

AN INDOOR ANNIVERSARY CELEBRATION

The Bethesda Lodge of the Independent Order of Odd-Fellows, Manchester Unity, and the Ladies' Auxiliary Social have announced the indoor celebration of their anniversary for the night of Monday next, the 22nd. instant. Their own Hall will provide the setting.

It is stated that the Limón and Mount Herman Lodges of the Grand United Order have been invited and expressions of regret in having been unable to extend, the usual courtesy to other Fraternities and the general public have been effected by the Management.
